Dear Thomas:

We have completed a review of the application for the above referenced water right. The proposal is not in conflict with the Management Program of the Southwest Kansas Groundwater Management District No. 3 (GMD3). The proposed distance moved is in accordance with K.A.R. 5-23-3. Proposed spacing to the neighboring well under Water Right, File No. 19,585 is not met according to WRIS, however GPS from a GMD3 field inspection shows it does meet the current spacing required by K.A.R. 5-23-3(b)(2). It is therefore recommended that the application be approved at this time.

Thank you for the opportunity to review the applications and to provide a recommendation. If you have any questions, please don't hesitate to contact us.
