RE: Application for Change in Point of Diversion
Water Right, File No. 15506

Dear Thomas:

We have completed a review of the application for the above referenced water right. The proposal is not in conflict with the Management Program of the Southwest Kansas Groundwater Management District No. 3 (GMD3). Spacing is not met to Water Right 25558, however the proposed move does improve current spacing, by more than 300', in accordance with K.A.R. 5-23-3(c)(2). It is therefore recommended that the application be approved at this time.

Thank you for the opportunity to review the applications and to provide a recommendation. If you have any questions, please don't hesitate to contact us.

Sincerely,

Jason L. Norquest
