RE: Application for Change in Point of Diversion  
Water Right, File No. 11763

Dear Thomas:

We have completed a review of the application for the above referenced water right. The proposal is not in conflict with the Management Program of the Southwest Kansas Groundwater Management District No. 3 (GMD3). The proposed distance moved and well spacing, since they are increasing spacing not currently met, is in accordance with K.A.R. 5-23-3. It is therefore recommended that the application be approved at this time.

Thank you for the opportunity to review the applications and to provide a recommendation. If you have any questions, please don't hesitate to contact us.

Sincerely,

A handwritten signature in cursive script, appearing to read "Jason L. Norquest", is written over a large, stylized flourish that extends to the left and underlines the signature.
