RE: Water Right
File Nos. 3,493; 9,249 and 21,107

Applications to change the authorized point of diversion have been filed under the above referenced water rights. The applications to change the point of diversion under File Nos. 3,493 and 9,249 propose to return to an existing well previously authorized by these water rights. While the change to File No. 21,107 proposes to drill a new well.

The change to File Nos. 3,493 and 9,249 are intended to return to a well that was previously authorized but revoked by order of the Chief Engineer dated March 9, 2018. The change in point of diversion dated January 15, 2013, had authorized the proposed points of diversion, however, it was discovered that the application to change the point of diversion had not been signed by all landowners. The proposed applications to change the point of diversion have now been signed by all landowners and the applicant can proceed with drilling a new well under File No. 21,107 and can now legally appropriate water from the existing completed wells.

There are no other wells of any kind located within one half mile of the proposed wells. Therefore, no notifications were sent.

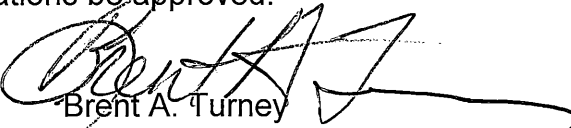

The source of supply for the existing well and well proposed under 21,107, appears to be the Ogallala formation, there should be no change in the local source of supply.

In an letter dated June 19, 2018, Jason L. Norquest, Assistant Manager, GMD 3, recommended approval of the applications.

In an e-mail dated June 25, 2017, Mike Meyer, Water Commissioner of the Garden City Field Office, recommended approval of the applications.

A water flow meter will be required on each point of diversion. A check valve will be required if any chemical or foreign substance is injected into the water through the diversion works.

Based on the above discussion, that the change is reasonable, that impairment to existing water rights is unlikely, that no change in the local source of supply will occur, it is recommended that the referenced applications be approved.

FILE COPY

RE: Water Right
File Nos. 3,493, 9,249 & 27,107

Dear Mr. and Mrs. Redd:

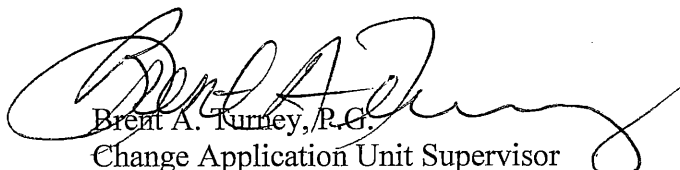

Enclosed are the orders executed by the Chief Engineer, Division of Water Resources, Kansas Department of Agriculture, approving the applications for change under the above referenced water rights.

Your attention is directed to the enclosures and to the terms, conditions, and limitations specified in the approvals for change. A condition of the approvals is that acceptable water flow meters must be installed on the diversion works authorized under the referenced water rights. Please return the required notification of completion of the diversion works and installation of the required meters as soon as these actions are completed.

Since these orders modify the original documents referred to above, they should be recorded with the Register of Deeds as other instruments affecting real estate.

If you have any questions, please contact this office. If you wish to discuss a specific file, please have the file number ready so that we may help you more efficiently.

Sincerely,

Brent A. Turney, P.G.

DIVISION OF WATER RESOURCES
David W. Barfield, Chief Engineer

**APPROVAL OF APPLICATION
FOR
CHANGE IN
POINT OF DIVERSION
WATER RIGHT
FILE NO. 3,493**

The Chief Engineer, Division of Water Resources, Kansas Department of Agriculture, after due consideration of the written application of Kyle and Heidi Simmons, Rick and Kathryn Redd on behalf of Reddhawk, LLC, PO Box 296, Sublette, Kansas 67877, and David J. Dietz, PO Box 296, Sublette, Kansas 67877, T Brian Eilerts, 2023 N. Chipmunk Ct, Flagstaff, Arizona 86004, and Zane B. Eilerts, 8155 Silkwood, Huntington Beach, California 91464, received in this office on April 10, 2018, for approval of a change in the location of the point of diversion under the certificate of appropriation issued pursuant to the application for permit to appropriate water for beneficial use, as modified and amended by the orders of the Chief Engineer dated November 7, 1983, February 24, 1994, and January 15, 2013, approving the applications to change the point of diversion, and the order of the Chief Engineer dated May 25, 1994, in the matter of the authorized quantity of water, and the order of the Chief Engineer, dated March 9, 2018, revoking the January 15, 2013 change in point of diversion, finds that the change is reasonable and will not impair existing rights and that the application should be and is hereby approved.

The effective date of the changes shall be the date this order is executed by the Chief Engineer, after which the points of diversion shall be described as being:

one (1) well located in the Northwest Quarter of the Southwest Quarter of the Northwest Quarter (NW $\frac{1}{4}$ SW $\frac{1}{4}$ NW $\frac{1}{4}$) of Section 8, more particularly described as being located near a point 3,705 feet North and 5,082 feet West of the Southeast corner of said Section, and

one (1) well located in the Southeast Quarter of the Northeast Quarter of the Northwest Quarter (SE $\frac{1}{4}$ NE $\frac{1}{4}$ NW $\frac{1}{4}$) of Section 8, more particularly described as being located near a point 4,505 feet North and 2,945 feet West of the Southeast corner of said Section,

both in Township 30 South, Range 32 West, Haskell County, Kansas,

located substantially as shown on the topographic map accompanying the application to change the place of use.

All diversion works into which any type of chemical or other foreign substance will be injected into the water pumped from the diversion works shall be equipped with an in-line, automatic, quick-closing check valve capable of preventing pollution of the source of the water supply. The type of valve installed shall meet specifications adopted by the Chief Engineer and shall be maintained in an operating condition satisfactory to the Chief Engineer.

Installation of the works for diversion of water shall be completed on or before December 31, 2018, or within any authorized extension of time. The applicant shall notify the Chief Engineer of the Division of Water Resources, Kansas Department of Agriculture, when construction of the works for diversion has been completed.

The water right owner shall properly install an acceptable water meter on the diversion works authorized under this water right, prior to the use of water, in strict accordance with the Kansas Administrative Regulations 5-1-4 through 5-1-12 adopted by the Chief Engineer. The water right owner shall notify the Chief Engineer when installation of the water meter has been completed. The water right owner shall maintain the water meter in an operating condition satisfactory to the Chief Engineer, at all times during diversion of water and shall maintain records from which the total quantity of water diverted may be determined. The water right owner shall also report the reading of said water meter and the total quantity of water diverted annually to the Chief Engineer. Such records shall be furnished to the Chief Engineer by March 1 following the end of each calendar year.

In all other respects, the Certificate of Appropriation issued pursuant to Approval of Application, File No. 3,493, for permit to appropriate water for beneficial use, is as stated and set forth in the Certificate of Appropriation dated May 12, 1978, and as modified and amended by the aforementioned orders.

Ordered this 25th day of June, 2018, in Topeka, Shawnee County, Kansas.

RIGHT TO A HEARING AND TO ADMINISTRATIVE REVIEW

If you are aggrieved by this Order, then pursuant to K.S.A. 82a-1901, you may:

- 1) request an evidentiary hearing before the Chief Engineer, or
- 2) request administrative review by the Secretary of Agriculture.

Failure to request an evidentiary hearing before the Chief Engineer does not preclude your right to administrative review by the Secretary.

To obtain an evidentiary hearing before the Chief Engineer, a written request for hearing must be filed within 15 days after service of this Order as provided in K.S.A. 77-531 (i.e., **within a total of 18 days after this Order was mailed to you**), with: Kansas Department of Agriculture, Attn: Legal Section, 1320 Research Park Drive, Manhattan, KS 66502, FAX (785) 564-6777.

If you do not file a request for an evidentiary hearing before the Chief Engineer, you may petition for administrative review of the Order by the Secretary of Agriculture. A petition for review shall be in writing and state the basis for requesting administrative review. The request for hearing may be denied if the request fails to clearly establish factual or legal issues for review. See K.S.A. 77-527. The petition must be filed within 30 days after service of this Order as provided in K.S.A. 77-531 (i.e., **within a total of 33 days after this Order was mailed to you**), and be filed with: Secretary of Agriculture, Attn: Legal Division, Kansas Department of Agriculture, 1320 Research Park Drive, Manhattan, KS 66502, FAX (785) 564-6777.

If neither a request for an evidentiary hearing nor a petition for administrative review is filed as set forth above, then this Order shall be effective and become a final agency action as defined in K.S.A. 77-607(b). Failure to timely request either an evidentiary hearing or administrative review may preclude further judicial review under the Kansas Judicial Review Act.

Any request for hearing or petition for administrative review shall be in writing and shall be submitted to the attention of: Chief Legal Counsel, Kansas Department of Agriculture, 1320 Research Park Drive, Manhattan, Kansas 66502, Fax: (785) 564 – 6777.

SUMMARY ORDER APPROVING APPLICATION FOR CHANGE AND IMPOSING CONDITIONS

This Summary Order is issued under authority of K.S.A. 82a-708b, as amended, and K.A.R. 5-5-1, *et seq.* and other applicable provisions of the *Kansas Water Appropriation Law, K.S.A. 82a-701 et. seq.*, and rules and regulations promulgated thereunder. With the exception of those conditions expressly contained herein, this Summary Order does not change the terms, conditions and limitations of File No. 3493.

1. A change application was received on _____ requesting that the place of use and / or point of diversion authorized under the above-referenced file number be changed as described in the application.
2. On and after the effective date of this summary order, the authorized place(s) of use shall be located substantially as shown on the topographic map accompanying the application to change the place of use. Applicable Not Applicable
3. The change in point of diversion shall not impair existing rights and shall be limited to the same source or sources of water as previously authorized. The point of diversion authorized by this summary order shall be located within a 300 foot radius of the authorized point(s) of diversion. Applicable Not Applicable
4. The point(s) of diversion authorized herein shall not actually be located more than _____ feet from the previously authorized point(s) of diversion. Applicable Not Applicable
5. As required by K.A.R. 5-3-5d, if the works for diversion is a well with a diversion rate of 100 gallons per minute or more, a tube or other device suitable for making water level measurements shall be installed, operated and maintained in accordance with K.A.R. 5-6-13. Applicable Not Applicable
6. **The owner of the authorized place(s) of use shall properly install an acceptable water flow meter on or before December 31, 2018**, or before the first use of water, whichever occurs first. The water flow meter shall be installed, operated and maintained in accordance with K.A.R. 5-1-4 through 5-1-12. As required by K.S.A. 82a-732, as amended, and K.A.R. 5-3-5e, the owner shall maintain records and report the reading of the water flow meter and the total quantity of water diverted annually to the Chief Engineer by March 1 following the end of each calendar year.
 Applicable Not Applicable
7. **Installation of the works for diversion of water shall be completed on or before December 31, 2018**, or within any authorized extension of time. By March 1, 2019 the applicant shall notify the Chief Engineer that construction of the works for diversion has been completed, on the form provided by the Chief Engineer, as required by K.A.R. 5-8-4e.
 Applicable Not Applicable
8. **The completed well log shall be submitted with the required notice.** Applicable Not Applicable
9. All diversion works into which any type of chemical or other foreign substance will be injected into the water shall be equipped with an in-line, automatic, quick-closing check valve capable of preventing pollution of the source of the water supply. The check valve(s) shall be installed, operated and maintained in accordance with K.A.R. 5-3-5c. Applicable Not Applicable
10. Additional Conditions are attached. Yes No
11. In accordance with K.S.A. 82a-708a, as amended, and K.A.R. 5-5-14, all of the owners of the authorized place(s) of use of water appropriated under the above-referenced file number are responsible for compliance with its terms, conditions and limitations, as amended and/or supplemented by this Summary Order, and with applicable provisions of the *Kansas Water Appropriation Law* and the *Rules and Regulations* promulgated thereunder. Failure to comply with these provisions may result in civil penalties pursuant to K.S.A. 82a-737, as amended, and/or the suspension or revocation and dismissal of the water or appropriation right or any other enforcement actions authorized by law.

Administrative Appeal and Effective Date of Order

If you are aggrieved by this order, pursuant to K.S.A. 82a-1901, you may request an evidentiary hearing before the Chief Engineer or request administrative review by the Secretary of Agriculture. A request for hearing by the Chief Engineer must be filed within **15 days** of service of this Order and a request for administrative review by the Secretary must be filed within **30 days** pursuant to K.S.A. 77-531. Any request for administrative review must state a basis for review pursuant to K.S.A. 77-527. File any request with **Kansas Department of Agriculture, Legal Division, 1320 Research Park Drive, Manhattan, KS 66502**. Failure to timely request a hearing or review may preclude review under the Kansas Judicial Review Act.

ONLY COMPLETE APPLICATIONS WILL BE PROCESSED. To be complete, all of the applicable portions of the application form must be completed with accurate information; maps, if necessary, must be included; signatures of all the appropriate owners' must be affixed to the application and notarized; and the appropriate fee must be paid.

FEE SCHEDULE

Each application to change the place of use or the point of diversion under this section shall be accompanied by the application fee set forth in the schedule below: Make checks payable to: **Kansas Department of Agriculture**

- (1) Application to change a point of diversion 300 feet or less \$100
- (2) Application to change a point of diversion more than 300 feet \$200
- (3) Application to change the place of use \$200

Water Resources
Received

APR 26 2018

14. If the proposed groundwater point of diversion is 300 or fewer feet from existing point of diversion, complete the following:

- (a) Does the undersigned represent all owners of the currently authorized place(s) of use identified in this application?
 Yes No (If no, all owners must sign this application.)
- (b) Will the ownership interest of any owner of the currently authorized place(s) of use identified in this application be adversely affected if this application is approved as requested?
 Yes No (If yes, all owners must sign this application.)
- (c) If this application is not approved expeditiously, will there be substantial damage to property, public health or safety?
 Yes No (If no, all owners must sign this application.)

If the application proposes a surface water change in point of diversion, a groundwater change in point of diversion greater than 300 feet, or a change in place of use, the application must be signed by all owners of the currently authorized place of use, or their duly authorized agent (attach notarized statement authorizing representation).

I hereby verify, being first duly sworn upon my oath or affirmation and under penalty of perjury, that I am of lawful age and the owner, the spouse of the owner, or a duly authorized agent of the owner(s) to make this application on their behalf, in regard to the water right(s) to which this application pertains. I further verify that the statements contained in this application are true, correct and complete.

Kansas Dept of Agriculture
Attn: Michael Meyer, L.G.
Division of Water Resources
Garden City Field Office

RE: Division of Water Resource file Numbers 3493, 9249, and 27107

Mr. Michael Meyer,

It has been brought to my attention that Mr. Rick Redd is attempting to file paperwork with your office regarding a re-drill and a diversion of water to the (re-drill) new well on 30-32-8 Haskell County, Kansas. As I informed you in an email, in a timely manner prior to the filing of these documents, my signature was revoked authorizing a re-drill and relocation of diversion.

My signature on these documents was predicated on an agreement that Mr. Redd would purchase 40 acres of property from me, my remaining water rights on 30-32-8, and my half interest of irrigation motors on both 30-32-17 and 30-32-8. As I had every intention of selling the 40 acres of land I would no longer have use for the remaining water rights on section 8, or the half interest in motors on section 8 and section 17.

I was presented with three separate signature pages only, with no legal body or description of activity that would take place, just the page where my signature was presented to me. I was told that it was the same document that was sent to me via mail and that I still have on file in my office to this day and that the extra signature pages were for copy purposes only and in no way had the legal body and issues addressed in these documents changed in any way from the original form sent to me in the mail by Mr. Redd.

Mr. Redd did not enter good faith negotiations to purchase the 40 acres of land or the remaining water rights on section 8. As Mr. Redd refused to enter into good faith negotiations, I immediately emailed the division of water resources, contacting you, and revoked my signature long before the diversion and re-drill documents were filed in your office.

I have been informed that there are three (3) different documents and water files being effected by Mr. Redds' attempted filings. I have no knowledge of these three files or what these documents being filed contain.

Mr. Redd has filed fraudulent documents with your office in the past with regards to my Mothers signature on water right document number 9,249. My mother did not own the minerals, nor the land,

DIVISION OF WATER RESOURCES

at the time her signature was applied. Furthermore, Mr Redd claims no knowledge that Zane B Eilerts and I owned these rights at the time of my mothers' signature. This is an untrue statement by Mr. Redd. Rick Redd was aware of the transfer of land to myself and Zane B Eilerts in a warranty deed dated November 3, 2003. Performing due diligence was also the responsibility of Mr. Redd at the time these documents were signed by my mother and Mr. Redd failed to do so. My complaint filed for the filing on water right 9,249 was upheld and made null and void by the division of water resources as stated in a letter from the board dated March 12, 2018. As the proof showed Mr. Redd is known to file documents with your office that are not completed correctly and give economic benefit to himself.

I strongly urge you to error on the side of caution when making your decision. Mr. Redd has been known to file fraudulent and incomplete documents with the division of water resource offices. I am only aware of a single document that would have been filed in this case on which my signature was revoked in a timely manner prior to Mr. Redd filing. I have every right to read and inspect every document being filed prior to a valid signature being applied by my hand. Mr. Redd misrepresented his intentions with three separate signature sheets constituting fraud. My signature was revoked because Mr. Redd failed to complete the predetermined terms to my signature appearing on these documents. Furthermore, granting Mr. Redd the permissions and provisions that these documents must contain will give Mr. Redd an unfair economic advantage, render my remaining land and water resources valueless, and grant Mr. Redd the right to change water rights that were not discussed or agreed to.

I pray you deny Mr. Redds' latest filings with the division of water resources.

RE: Applications for Change in Point of Diversion
Water Rights, File Nos. 3493 & 9249; 27107

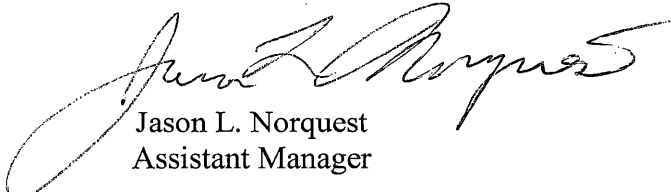

KS Dept Of Agriculture

Dear Brent:

We have completed a review of the applications for the above referenced water rights. The proposal are not in conflict with the Management Program of the Southwest Kansas Groundwater Management District No. 3 (GMD3). The proposed distance moved and spacing to neighboring wells, for both applications, is in accordance with K.A.R. 5-23-3. GPS confirmed spacing between the applicants wells is also met. Documentations was provided for all land owners signatures involved with these water rights. It is therefore recommended that the applications be approved at this time.

Thank you for the opportunity to review the applications and to provide a recommendation. If you have any questions, please don't hesitate to contact us.

Sincerely,

RE: Water Right
File Nos. 3,493; 9,249
and 27,107

Dear Sir or Madam:

Reference is made to your applications for approval of the Chief Engineer to change the point of diversion under the referenced file numbers which were received in this office on April 10, 2018. Upon review of the applications and additional information received by this office, it is found that the applications to change the point of diversion cannot be approved as proposed.

In a letter dated April 10, 2018, received in the office of the Chief Engineer on April 16, 2018, T Brian Ellerts has requested that his signatures be removed from the applications.

Please note that K.A.R. 5-5-5 states in part:

"If more than one person is the owner of a water right, and an application is filed for a change in the place of use, point of diversion, use made of the water, or any combination thereof, only the signature(s) of the landowner(s) whose portion of the water right(s) is (are) involved in the change shall be required on the application. If the extent of each owners interest in the water right has not been legally determined, then all landowners holding an undetermined portion of the water right must sign the change application . . . "

Based on the request by Mr. Ellerts above, the applications no longer contain the signatures of all landowners and spouses associated with the currently authorized place of use, therefore, the applications cannot be approved as filed.

For the reason given above, it will be recommended to the Chief Engineer that the Applications for Approval to Change the Authorized Point of Diversion and place of use under Water Right, File Nos. 3,493, 9,249 and 27,107 be denied and dismissed for failure to comply with K.A.R. 5-5-5.

We are advising you of this recommendation in order to allow you to submit additional information to show why the evaluation should be reconsidered. You have a period of **15 days (until May 8, 2018)** to either (1) submit additional information to our office or (2) to request additional time beyond the 15 days to submit additional information. If you wish to request additional time, you must do so in writing, before the 15 day period expires. Such a request should state what steps are being taken to obtain the information and the amount of time you will need to supply the information to our office.

If you do not request more time within the 15 day period, or if your request is not granted, the above-referenced applications will be submitted to the Chief Engineer for final decision based on the recommendation stated above. If you do submit additional information within the 15 day period (or any authorized extension), that information will be given due consideration prior to final action on the applications.

If you have any questions, please contact me at (785) 564-6645. If you wish to discuss a specific file, please have the file number ready so that I may help you more efficiently.

Spacing MET

An * after the source of supply indicates a pending application for change for the file number.

An * after the ID indicates a 15 AF exemption was granted for the file number.

A "G" in the Batt column indicates the GEO CTR of a battery. A "B" indicates a well in the battery.

The number in the Batt column is the number of wells in the battery.

RE: Applications for Change in Point of Diversion
Water Rights, File Nos. 3493 & 9249; 27107

Dear Brent:

We have completed a review of the applications for the above referenced water rights. The proposal are not in conflict with the Management Program of the Southwest Kansas Groundwater Management District No. 3 (GMD3). The proposed distance moved and spacing to neighboring wells, for both applications, is in accordance with K.A.R. 5-23-3. GPS confirmed spacing between the applicants wells is also met. Documentations was provided for all land owners signatures involved with these water rights. It is therefore recommended that the applications be approved at this time.

Thank you for the opportunity to review the applications and to provide a recommendation. If you have any questions, please don't hesitate to contact us.

Sincerely,

Jason L. Norquest
Assistant Manager

GMD3 Change Review

GMD3 Change Review

Same applications that were filed in 2012 and approved, but dispute in landownership caused original applications to be revoked and PDs moved back to original locations in the files. The dispute is resolved at this point (signed form in this set of applications). Spacing met to neighboring wells and verified with GPS.

Is a waiver needed: No.

Final Recommendation: After review of all available information and clarification from all owners involved, it appears the current area rules are met. Staff therefore recommends approval of the application.

Mr. Meyer,

I, Tam Brian Ellerts, hereby authorize the validity of my signatures upon the previously filed, and pending, water application file numbers 3493, 9249, 27107. Let it be known that my signature upon these documents are valid and true and authorize the necessary changes requested by Rick Redd.

Tam Brian Ellerts

Dated 6/11, 2018 State of Arizona, Coconino County, SS:

Be it Remembered, that on this 11th day of June A.D. 2018, before me, the undersigned, a Notary Public in and for the County and State aforesaid, came:

Tam Brian Ellerts, who is personally known to me to be the same person who executed the within instrument of writing and such person duly acknowledged the execution of the same.

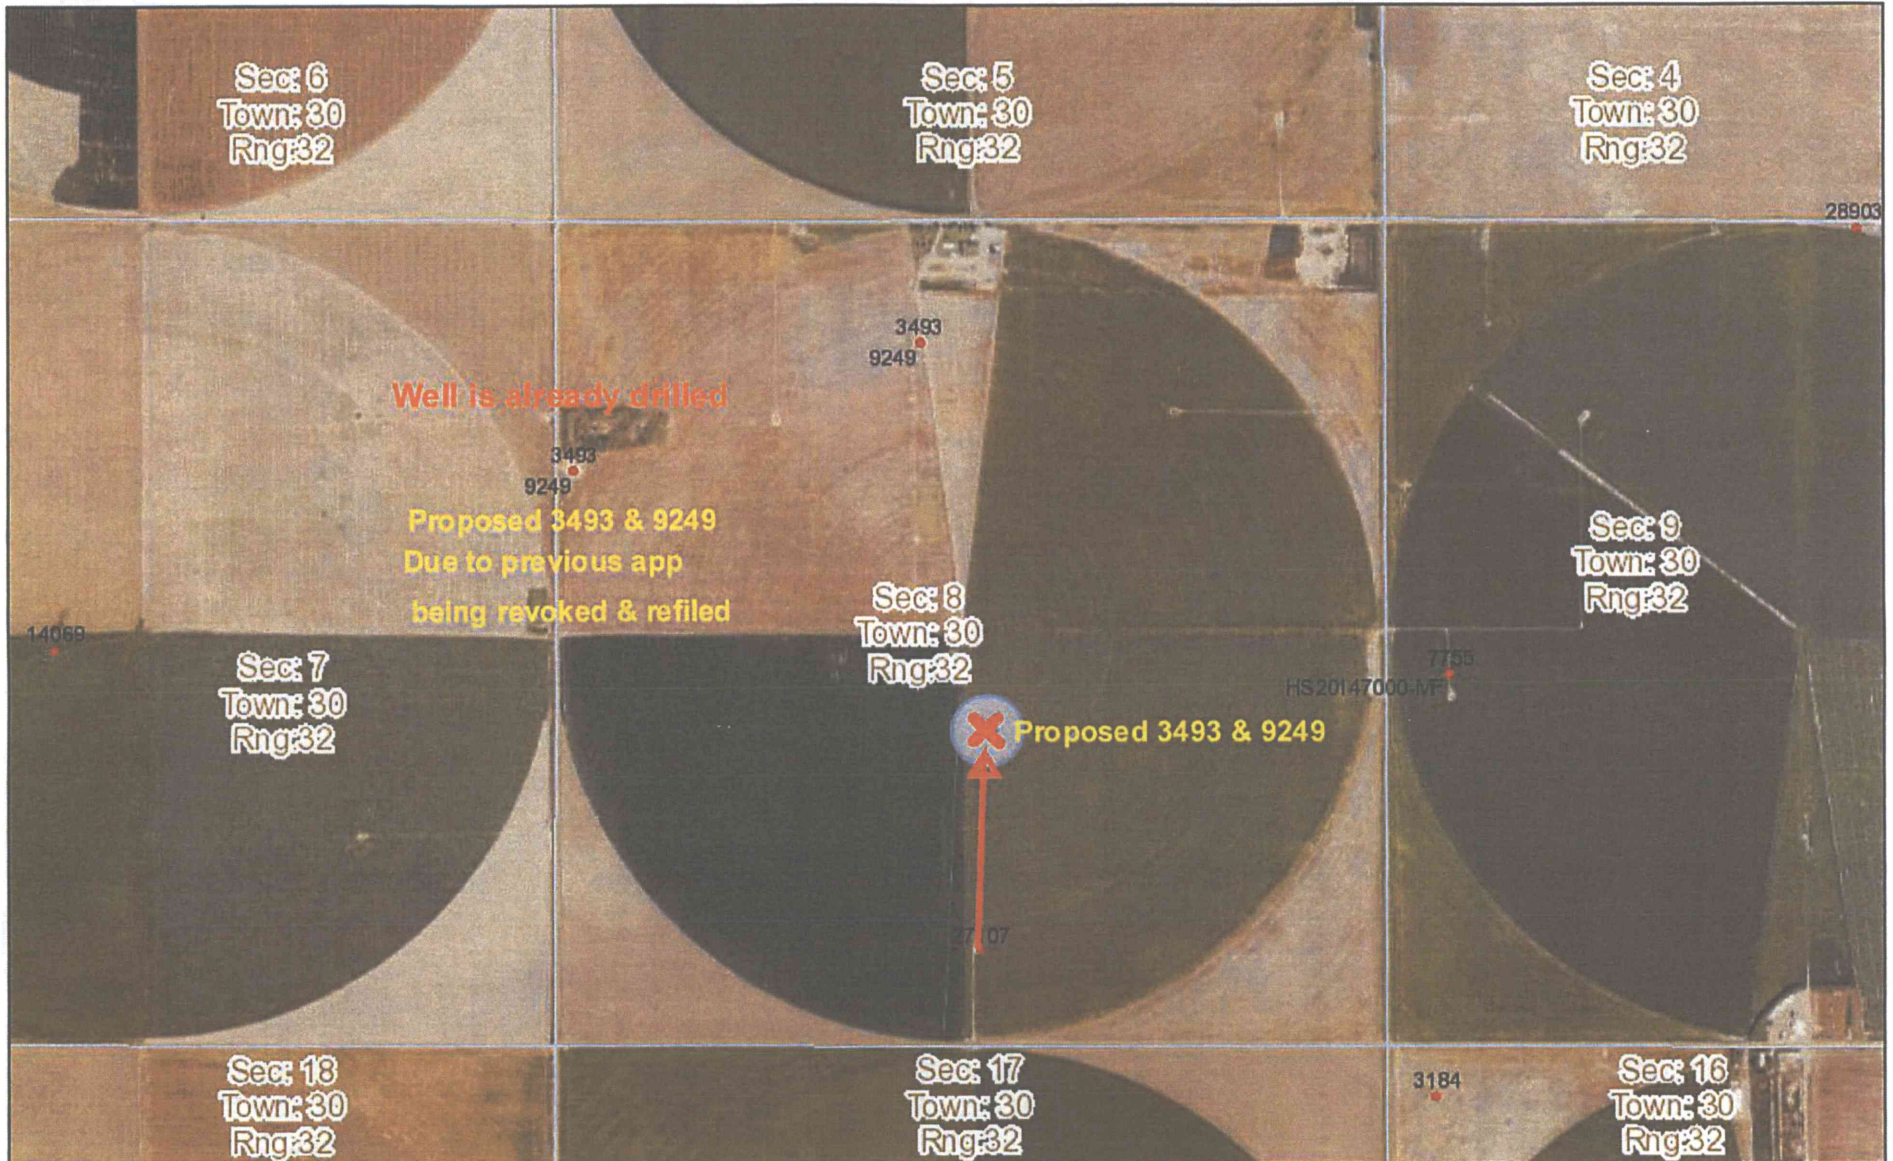

IN WITNESS WHEREOF, I have hereunto set my hand and affixed my seal, the day and year last above written.

Notary Public
