M E M O R A N D U M

TO: File

DATE: July 2, 2018

FROM: Leslie Ireland

RE: Water Right, File Nos. 22,306; 26,247; 40,445; 41,192; 41,578; 41,579; 41,580; 41,581; 42,084; 42,110; 42,708; 43,082; 43,105; 43,220; 43,333; 43,635; 43,880; 44,248; 44,945; 44,946 & 45,295

David Clawson on behalf of High Plains Ponderosa Dairy LLC and Rock Ormiston on behalf of Southwest Agri-Center Inc.; Parity Investments Inc.; Ormiston Trust of 1992; The Ormiston Decedents Trust et al., and Rock Alan & Stephanie L. Ormiston II, along with Carl Ray & Zita Bond as owners submitted applications on February 20, 2018, to change the irrigated place of use. The applications were requested due to the expansion of the stockwatering use at the dairy under File Nos. 12,332 & 45,387, which proposed to operate in an area authorized by the referenced files. After the initial completion, the project was delayed for the certification of the most junior rights.

The referenced water rights appear to be in compliance with K.S.A. 82a-732 and the applications comply with K.A.R. 5-5-2a, with updates to the ownership. The property held by Oleta Lepper Estate has transferred to Carl Ray and Zita Bond. The property held by Edna M. Sites Estate has transferred to Rock & Stephanie L. Ormiston II, the son and daughter-in-law of Rock & Stephanie R. Ormiston. Additionally, a longtime ownership issue with Parity and Southwest Ag in the Southeast of Section 27 has been updated.

The referenced files are authorized to irrigate twenty (20) quarter-mile pivots, two (2) half-mile pivots, comprised of one (1) full section and one (1) half-mile section. The place of use is located in Township 33, and in Ranges 30 to 31 West, in Meade and Seward counties, for a total of 3,300 irrigated acres. The change in place of use will remove the quarter section pivot of 123 acres, located in the Southeast Quarter of Section 18, with 122 acres added in the Southwest Quarter of Section 7, all in Township 33, Range 30 West, Seward County. The original proposed acres were a pivot, but on January 11, 2018, David Clawson on behalf of High Plains Ponderosa Dairy LLC, owner of the authorized and proposed, modified the acres to a rectangular place of use to allow a portion of the place of use to be utilized for another purpose. The base acres were determined by Thom Makens, Assistant Manager of the Garden City Field Office to be 3,315 acres, due to a previous reduction for the dairy. The 3,300 authorized and proposed complies with part (b) of K.A.R. 5-5-11, *Applications for change in place of use for irrigation purposes*. No increase in the consumptive should occur thus complying with K.A.R. 5-5-3, *Change in consumptive use*.

The actual location of the wells authorized under File Nos. 26,247; 41,579; 41,581; 42,708; 43,082 and 44,946, have been determined by GPS protocol during Compliance Investigations. The updated locations were found to be within 300 feet of the authorized locations and will updated by the approvals.

In a letter dated April 16, 2018, Jason Norquest, Assistant Manager, Southwest Kansas Groundwater Management District No. 3, recommend approval of the applications.

Michael Meyer, Water Commissioner of the Garden City Field Office area reviewed the proposed applications. In an email dated April 27, 2018, he recommended approval of the change applications.

Water flowmeters will be required for the change approval as new acres will be irrigated. The water use correspondent will remain Parity Investments Inc., for all of the referenced files. A check valve will be required, if chemigating. As no new wells will be drilled a water level measurement tube and WWC-5 will not be a condition of the approvals.

Based on the above discussion, that the change to the place of use authorized by all of the referenced files will maintain the complete overlap with no increase in the historical consumptive use with no impairment to existing water rights and no change in the local source of supply will occur, it is recommended that the referenced applications be approved.

 44,946 & 45,295

Dear Mr. Clawson:

Enclosed are the orders executed by the Chief Engineer, Division of Water Resources, Kansas Department of Agriculture, approving the applications for change under the above referenced file numbers.

Your attention is directed to the enclosures and to the terms, conditions, and limitations specified in these approvals for change. A condition of the approvals is that an acceptable water flowmeter must be installed on the diversion works authorized under the referenced files. Records in this office indicate that meters are installed on the authorized points of diversion. If a meter has been replaced you must contact our staff at the Garden City Field Office at (620) 276-2901.

Since these orders modify the original documents referred to above, they should be recorded with the Register of Deeds as other instruments affecting real estate.

Please be reminded that reports of water usage must be submitted to this office annually. Records indicating the amount of water used should be furnished to the Chief Engineer by March 1 following the end of the previous calendar year so that the continued use of water becomes a matter of record in this office. The owner, or his or her legally designated agent, is held responsible for submitting annual water use reports. Failure to file an accurate water use report is a violation of law which makes you subject to civil penalties.

DIVISION OF WATER RESOURCES
David W. Barfield, Chief Engineer

**APPROVAL OF APPLICATION
FOR
CHANGE IN PLACE OF USE
WATER RIGHT, FILE NO. 42,084**

The Chief Engineer, Division of Water Resources, Kansas Department of Agriculture, after due consideration of the written application of David Clawson on behalf of High Plains Ponderosa Dairy LLC, 2042 V Road, Plains, Kansas 67869, Rock Ormiston on behalf of Ormiston Trust of 1992, The Ormiston Decedents Trust et al., Southwest Agri-Center Incorporated, and Parity Investments Incorporated, all of 303 Main Street, Kismet, Kansas 67859, Carl Ray and Zita Bond, 125 W 590 Avenue, Girard, Kansas 66743-2380, Rock A. and Stephanie L. Ormiston II, PO Box 43, Kismet, Kansas 67859-0043, received in the office of the Chief Engineer on February 20, 2018, for approval of a change in the location of the place of use under the certificate of appropriation issued pursuant to the permit to appropriate water for beneficial use, as modified and amended by the Orders of the Chief Engineer dated February 5, 2003, December 31, 2012, and November 27, 2013,, approving the applications to change the place of use, and by the Order of the Chief Engineer dated November 14, 2013, approving the application to change the point of diversion, finds that the change is reasonable and will not impair existing rights, and that the application should be and is hereby approved.

The effective date of the change shall be the date this order is executed by the Chief Engineer, after which the authorized location of the place of use shall be:

a total of 2,319 acres in Sections 13, 23, 24, 25, 27, 28, 33, 34, 35 and 36,
all in Township 33 South, Range 31 West, Seward County, Kansas,

located substantially as shown on the topographic map accompanying the application to change the place of use.

All diversion works into which any type of chemical or other foreign substance will be injected into the water pumped from the diversion works shall be equipped with an in-line, automatic, quick-closing check valve capable of preventing pollution of the source of the water supply. The type of valve installed shall meet specifications adopted by the Chief Engineer and shall be maintained in an operating condition satisfactory to the Chief Engineer.

The water right owner shall properly install an acceptable water meter on the diversion works authorized under this water right, prior to the use of water, in strict accordance with the Kansas Administrative Regulations 5-1-4 through 5-1-12 adopted by the Chief Engineer. The water right owner shall notify the Chief Engineer when installation of the water meter has been completed. The water right owner shall maintain the water meter in an operating condition satisfactory to the Chief Engineer, at all times during diversion of water and shall maintain records from which the total quantity of water diverted may be determined. The water right owner shall also report the reading of said water meter and the total quantity of water diverted annually to the Chief Engineer. Such records shall be furnished to the Chief Engineer by March 1 following the end of each calendar year.

In all other respects, the Certificate of Appropriation issued pursuant to Approval of Application, File No. 42,084, for permit to appropriate water for beneficial use, is as stated and set forth in the Certificate of Appropriation dated April 26, 2002, as modified and amended by the aforementioned orders.

RIGHT TO A HEARING AND TO ADMINISTRATIVE REVIEW

If you are aggrieved by this Order, then pursuant to K.S.A. 82a-1901, you may:

- 1) request an evidentiary hearing before the Chief Engineer, or
- 2) request administrative review by the Secretary of Agriculture.

Failure to request an evidentiary hearing before the Chief Engineer does not preclude your right to administrative review by the Secretary.

To obtain an evidentiary hearing before the Chief Engineer, a written request for hearing must be filed within 15 days after service of this Order as provided in K.S.A. 77-531 (i.e., **within a total of 18 days after this Order was mailed to you**), with: Kansas Department of Agriculture, Attn: Legal Section, 1320 Research Park Drive, Manhattan, KS 66502, FAX (785) 564-6777.

If you do not file a request for an evidentiary hearing before the Chief Engineer, you may petition for administrative review of the Order by the Secretary of Agriculture. A petition for review shall be in writing and state the basis for requesting administrative review. The request for hearing may be denied if the request fails to clearly establish factual or legal issues for review. See K.S.A. 77-527. The petition must be filed within 30 days after service of this Order as provided in K.S.A. 77-531 (i.e., **within a total of 33 days after this Order was mailed to you**), and be filed with: Secretary of Agriculture, Attn: Legal Division, Kansas Department of Agriculture, 1320 Research Park Drive, Manhattan, KS 66502, FAX (785) 564-6777.

If neither a request for an evidentiary hearing nor a petition for administrative review is filed as set forth above, then this Order shall be effective and become a final agency action as defined in K.S.A. 77-607(b). Failure to timely request either an evidentiary hearing or administrative review may preclude further judicial review under the Kansas Judicial Review Act.

Ordered this 10th day of July, 2018, at Topeka, Shawnee County, Kansas.

-

(Please show any calculations here.)

14. It is requested that the maximum annual quantity of water be reduced to _____ (acre-feet or million gallons).
15. It is requested that the maximum rate of diversion of water be reduced to _____ gallons per minute (_____ c.f.s.).
16. The application must include either a topographic map or detailed plat. A U.S. Geological Survey Topographic Map, scale 1:24,000, is available through the Kansas Geological Survey, 1930 Constant Avenue, University of Kansas, Lawrence, Kansas 66047-3726 (www.usgs.gov). The map should show the location of the presently authorized point(s) of diversion. Distances North and West of the Southeast corner of the section must be shown. The presently authorized place of use should also be shown. Identify the center of the section, the section lines and the section corners and show the appropriate section, township, and range numbers on the map. In addition the following information must also be shown on the map.
- a. If a change in the location of the point(s) of diversion is proposed, show:
 - 1) The location of the proposed point(s) of diversion. Distances North and West of the Southeast corner of the section must be shown. Please be certain that the information shown on the map agrees with the information shown in Paragraph Nos. 9, 10 and 11 of the application.
 - 2) If the source of supply is groundwater, please show the location of existing water wells of any kind, including domestic wells, within 1/2 mile of the proposed well or wells. Identify each well as to its use and furnish name and mailing address of the property owner or owners. If there are no wells within 1/2 mile, please indicate so on the map.
 - 3) If the source of supply is surface water, the names and mailing addresses of all landowner(s) 1/2 mile downstream and 1/2 mile upstream from your property lines must be shown.
 - b. If a change in the place of use is desired, show the proposed place of use by crosshatching on the map. Please be certain that the information shown on the map agrees with the information shown in Paragraph No. 5 of the application.
17. Attach documentation to show the change(s) proposed herein will not impair existing water rights and relates to the same local source of supply as to which the water right relates. This information may include statements, plats, geology reports, well logs, test hole logs, and other information as necessary information to show the above. Additional comments may be made below.

NO WELLS WILL BE MOVING AND THERE WILL BE NO INCREASE IN IRRIGATED ACRES BEYOND THE CURRENTLY AUTHORIZED.

18. If the proposed change(s) does not meet all applicable rules and regulations of the Kansas Water Appropriation Act, please identify the rules and regulations for which you request a waiver. State the reason why a waiver is needed and why the request should be granted. Attach documentation showing that granting the request will not impair existing water rights and will not prejudicially and unreasonably affect the public interest.

Any use of water that is not as authorized by the water right or permit to authorize water before the chief engineer approves this application is a violation of the Kansas Water Appropriation Act for which criminal or civil penalties may be assessed. Such violation is a class C misdemeanor, punishable by a fine not to exceed \$500 and/or a term of confinement not to exceed one month in the county jail. K.S.A. 82a-728(b). Civil penalties shall be not less than \$100 nor more than \$1,000 per violation. In the case of a continuing violation, each day such violation continues may be deemed a separate violation. In addition to these penalties the water right may be modified or suspended. K.S.A. 82a-737, as amended.

The application must be signed by all owners of the place of use authorized under the water right and his or her spouse, if married. Please indicate if there is no spouse. If land is being purchased under contract, the seller must sign as landowner until such time as the contract is completed.

In the event that all applicants cannot appear before one notary public, they may as necessary sign separate copies of the application before any notary public conveniently available to them. All copies signed in this manner shall be considered to be valid parts of the application.

If the request is signed on behalf of any Owner by someone with legal authority to do so (for example, an agent, one who has power of attorney, or an executor, executrix, conservator), it will be necessary to attach proper documents showing such authority.

I declare that I am an owner of the currently authorized place of use as identified herein, or that I represent all such owners and am authorized to make this application on their behalf, and declare further that the statements contained herein are true, correct, and complete. By filing this application I authorize the chief engineer to permanently reduce the quantity of water and/or rate of diversion as specified in sections 14 and 15 of this application.

Dated at Plains, Kansas, this 5th day of February, 20 18.

RE: Application for Change in place of Use
Water Right, File Nos. 22306, 26247, 40445, 41192, 41578, 41579, 41580, 41581, 42084, 42110,
42708, 43082, 43105, 43220, 43333, 43635, 43880, 44248 & 44945
Appropriations of Water, File Nos. 44946 & 45295

Dear Leslie:

We have completed a review of the applications for the above referenced water rights. The proposal is not in conflict with the Management Program of the Southwest Kansas Groundwater Management District No. 3 (GMD3). The request for change in place of use maintains the complete overlap and is within their base acres criteria set for in K.A.R. 5-5-11. It is therefore recommended that the application be approved at this time.

Thank you for the opportunity to review the applications and to provide a recommendation. If you have any questions, please don't hesitate to contact us.

Sincerely,

Jason L. Norquest
Assistant Manager

42,084; 42,110; 42,708; 43,082; 43,105; 43,220; 43,333; 43,635; 43,880; 44,248; 44,945
Appropriations of Water File Nos. 44,946 & 45,295

Dear Mr. Rude:

Due to the volume of this package of applications and that they are proposing only a slight modification of the place of use yet maintain the complete overlap in irrigated acres, we are providing by email an electronic copy of the applications referred to above which appear to be in proper form.

We are delaying any further action for a period of 15 days from the date of this letter to allow you time to submit your recommendations concerning the applications.

Please submit your recommendations within the allotted time, or any authorized extension of time thereof.

Sincerely,

Leslie Ireland

Appropriations of Water File Nos. 44,946 & 45,295

Dear Mr. & Mrs. Bond:

Reference is made my letter of March 12, 2018, and the email of Rock Ormiston informing us of your address change and that ownership has transferred solely to you. Enclosed please find a copy of the March 12, 2018 letter and new pages for the needed notarized signatures.

Please be reminded you will need to **return only the original signature pages**, the enclosed copy of the application is for your files, and upon completion of the paperwork you will received copies of the final documents.

Due to the missing mail of the March 12, 2018 letter, the deadline for filing your original notarized signature pages must be received in this office on or before **April 11, 2018**. According to law, default in the refiling of the requested information as outlined above within the time allowed or any authorized extension of time, shall cause dismissal of the applications for change under the above referenced file numbers. Should you need additional time please give me a call at (785) 564-6633 or email, to Leslie.Ireland@ks.gov.

The Rules and Regulations of the Kansas Water Appropriation Act works may be found on the Kansas Department of Agriculture web site, <http://www.agriculture.ks.gov/dwr>. If you have any questions, please do not hesitate to give me a call.

Sincerely,

Leslie Ireland

Leslie,

Does Stephanie and the Bond's need to sign all 21 or just their individual applications for the land they are associated with? Also, I assume you are referring to Stephanie L Ormiston which is my Sons wife, and not Stephanie R Ormiston, which is my wife.. I know, very confusing but my Son Rocky married a Stephanie as well.

RE: File No 42084

Dear Sir or Madam:

An application for approval of the Chief Engineer to change the following condition or conditions of the file number referred to above has been received:

- place of use PU
- point of diversion
- use made of water

As a matter of record, the Division of Water Resources has on hand a large number of applications awaiting processing. Therefore, to be fair to all concerned, and so that we can process those applications on hand in the order they were received, we intend to concentrate on the backlog of applications until the issue is resolved. You will be contacted regarding this application as soon as it has been examined.

In accordance with the provisions of the Kansas Water Appropriation Act, a portion of which is included below, the use of water prior to approval of the application is unlawful. You should not proceed and divert water as indicated by your plans in your application for a change for this file until you receive approval for this change from the Chief Engineer. Once approved, compliance with the terms, conditions and limitations of the permit is necessary. Conservation of the water resources of Kansas is required.

Section 82a-728 of the Kansas Water Appropriation Act, provides (a) except for the appropriation of water for the purpose of domestic use, . . . it shall be unlawful for any person to appropriate or threaten to appropriate water from any source without first applying for and obtaining a permit to appropriate water in accordance with the provisions of the Water Appropriation Act or for any person to violate any condition of a vested right, appropriation right or an approved application for a permit to appropriate water for beneficial use.

(b) (1) The violation of any provision of this section by any person is a class C misdemeanor...

A class C misdemeanor is punishable by a fine not to exceed \$500 and/or a term of confinement not to exceed one month in the county jail. Each day that the violation occurs constitutes a separate offense.

If you have any questions, please contact me at (785) 564-6645. If you wish to discuss a specific file, please have the file number ready so that we may help you more efficiently.

Sincerely,

A handwritten signature in cursive script that reads "Brent A. Tourney".
