RE: Water Right, File Nos. 270; 7971 & 18482

Dear Sir or Madam:

Enclosed is the order executed by the designee of the Chief Engineer, Division of Water Resources, Kansas Department of Agriculture, approving the application for change under the above referenced file numbers.

Your attention is directed to the enclosures and to the terms, conditions, and limitations specified in this approval for change. A condition of this approval is that an acceptable water flow meter must be installed on the diversion works authorized under the referenced file number and meet current specifications. Please return the required notification of completion of the diversion works and/or installation of the required meter as soon as these actions are completed.

Since the order modifies the original document referred to above, it should be recorded with the Register of Deeds as other instruments affecting real estate.

Should you have any questions, please feel free contact this office. If you would prefer, you could arrange an appointment for additional assistance.

Sincerely,

Michael A. Meyer

Dear Austin,

I finally have a map for you. Please see it attached below.

I also realized that I have put the decimal in the wrong place in my water report that I did online. Whom should I address it to?

I am confused with how the acre feet should be reduced because I do not understand what you currently have in it. Could you call me about this?

Thanks for your help.

I got a page for my sister, Marsha to sign for the trustee of the Marsha C Wall Blackstock GST Trust Dated March 15, 2011. She has sent it back and I am waiting arrival in the mail.

Think you were waiting on this.
