CONDITIONS OF APPROVAL:

The applicant shall maintain records from which the quantity of water actually diverted may be readily determined.

The use of water herein authorized shall not be made so as to impair any use under existing water rights or prejudicially and unreasonably affect the public interest.

K.S.A. 82a-728 states in part "(a) except for the appropriation of water for the purpose of domestic use, . . . it shall be unlawful for any person to appropriate or threaten to appropriate water from any source without first applying for and obtaining a permit to appropriate water . . ."

Water wells must be properly constructed by the well driller to comply with Article 30 of the Rules and Regulations as adopted by the Kansas Department of Health and Environment.

All applications filed after April 12, 1984, are subject to minimum desirable streamflow (MDS) requirements identified and established by the Kansas Legislature pursuant to K.S.A. 82a-703c. There may be times, as determined by the Division of Water Resources, when you would be required to cease diversion of water in order to satisfy MDS requirements.

Subject: New Temporary Application 20200163

Hey Mike,

Would you have any issues with this temporary application that came in for dust control in Haskell County? They are requesting 4 million gallons. Thanks
