RE: Filed Office Application for Change
Water Right, File No. 24571

Dear Sir or Madam:

Enclosed is the order executed by the designee of the Chief Engineer, Division of Water Resources, Kansas Department of Agriculture, approving the application for change under the above referenced file number.

Your attention is directed to the enclosures and to the terms, conditions, and limitations specified in this approval for change. A condition of this approval is that an acceptable water flow meter must be installed on the diversion works authorized under the referenced file number and meet current specifications. Please return the required notification of completion of the diversion works and installation of the required meter as soon as these actions are completed.

Since the order modifies the original document referred to above, it should be recorded with the Register of Deeds as other instruments affecting real estate.

The abandoned well must be plugged in accordance with the requirements of Article 30 of the Rules and Regulations as adopted by the Kansas Department of Health and Environment

Should you have any questions, please feel free contact this office. If you would prefer, you could arrange an appointment for additional assistance.

Sincerely,

Michael A. Meyer
Water Commissioner

DWR FIELD OFFICE APPLICATION FOR APPROVAL TO CHANGE THE PLACE OF USE AND/OR THE POINT OF DIVERSION

STATE OF KANSAS

Filing Fee Must Accompany the Application, K.S.A. 82a-708b(b), as amended.
 Fee Schedule is on the third page of this application form.

Paragraph Nos. 1, 2, 3 & 5 must be completed. Complete all other applicable portions. If change in point of diversion is greater than 100 feet, or if place of use will be changed, include a topographic map or detailed plat showing the authorized and proposed point(s) of diversion and/or place of use.

7. The changes herein are desired for the following reasons?
 (please be specific) _____

8. If a well, is the test hole log attached? Yes No

9. The change(s) (was)(will be) completed by?

10. If the point of diversion is a well:
 (a) What are you going to do with the old well?

 (b) When will this be done? _____

11. Groundwater Management District recommendation attached?
 Yes No

12. Assisted by HH / GCFO _____

13a. If the proposed point of diversion will be relocated more than 300 feet but within 2,640 feet of the existing point of diversion, attach a topographic map or aerial photograph. For groundwater sources, show all wells (including domestic) within one-half mile of the proposed point of diversion and the names and mailing addresses of the owners. For surface water sources, show the names and addresses of the landowner(s) one-half mile downstream and one-half mile upstream from your property lines

13b. If the proposed point of diversion will be relocated within a 300 foot radius of the existing point of diversion, indicate its location on the diagram shown above in relation to the existing point of diversion. The proposed point of diversion must be located within the circle shown above. (PLEASE NOTE: The "X" in center of diagram above represents the presently authorized point of diversion.)

14. If the proposed groundwater point of diversion is 300 or fewer feet from the existing point of diversion, complete the following:
- (a) Does the undersigned represent all owners of the currently authorized place(s) of use identified in this application?
 Yes No (If no, all owners must sign this application.)
 - (b) Will the ownership interest of any owner of the currently authorized place(s) of use identified in this application be adversely affected if this application is approved as requested?
 Yes No (If yes, all owners must sign this application.)
 - (c) If this application is not approved expeditiously, will there be substantial damage to property, public health or safety?
 Yes No (If no, all owners must sign this application.)

If the application proposes a surface water change in point of diversion, a groundwater change in point of diversion greater than 300 feet, or a change in place of use, the application must be signed by all owners of the currently authorized place of use, or their duly authorized agent (attach notarized statement authorizing representation).

I hereby verify, being first duly sworn upon my oath or affirmation and under penalty of perjury, that I am of lawful age and the owner, the spouse of the owner, or a duly authorized agent of the owner(s) to make this application on their behalf, in regards to the water right(s) to which this application pertains. I further verify that the statements contained in this application are true, correct and complete.

ONLY COMPLETE APPLICATIONS WILL BE PROCESSED. To be complete, all of the applicable portions of the application form must be completed with accurate information; maps, if necessary, must be included; signatures of all the appropriate owners' must be affixed to the application and notarized; and the appropriate fee must be paid.

FEE SCHEDULE

Each application to change the place of use or the point of diversion under this section shall be accompanied by the application fee set forth in the schedule below: Make checks payable to: Kansas Department of Agriculture

- (1) Application to change a point of diversion 300 feet or less \$100
- (2) Application to change a point of diversion more than 300 feet \$200
- (3) Application to change the place of use \$200

SUMMARY ORDER APPROVING APPLICATION FOR CHANGE AND IMPOSING CONDITIONS

This Summary Order is issued under authority of K.S.A. 82a-708b, as amended, and K.A.R. 5-5-1, *et seq.* and other applicable provisions of the *Kansas Water Appropriation Law, K.S.A. 82a-701 et. seq.*, and rules and regulations promulgated thereunder. With the exception of those conditions expressly contained herein, this Summary Order does not change the terms, conditions and limitations of File No. 24,571.

1. A change application was received on September 7, 2021 requesting that the place of use and / or point of diversion authorized under the above-referenced file number be changed as described in the application.
2. On and after the effective date of this summary order, the authorized place(s) of use shall be located substantially as shown on the topographic map accompanying the application to change the place of use. Applicable Not Applicable
3. The change in point of diversion shall not impair existing rights and shall be limited to the same source or sources of water as previously authorized. The point of diversion authorized by this summary order shall be located within a 300 foot radius of the authorized point(s) of diversion. Applicable Not Applicable
4. The point(s) of diversion described herein is administratively corrected to be more accurately described using the Global Positioning System (GPS), as described in the application. Applicable Not Applicable
5. The point(s) of diversion authorized herein shall not actually be located more than 2640 feet from the previously authorized point(s) of diversion. Applicable Not Applicable
6. As required by K.A.R. 5-3-5d, if the works for diversion is a well with a diversion rate of 100 gallons per minute or more, a tube or other device suitable for making water level measurements shall be installed, operated and maintained in accordance with K.A.R. 5-6-13. Applicable Not Applicable
7. **The owner of the authorized place(s) of use shall properly install an acceptable water flow meter on or before December 31, 2021**, or before the first use of water, whichever occurs first. The water flow meter shall be installed, operated and maintained in accordance with K.A.R. 5-1-4 through 5-1-12. As required by K.S.A. 82a-732, as amended, and K.A.R. 5-3-5e, the owner shall maintain records and report the reading of the water flow meter and the total quantity of water diverted annually to the Chief Engineer by March 1 following the end of each calendar year. Applicable Not Applicable
8. **Installation of the works for diversion of water shall be completed on or before December 31, 2021**, or within any authorized extension of time. By March 1, 2022 the applicant shall notify the Chief Engineer that construction of the works for diversion has been completed, on the form provided by the Chief Engineer, as required by K.A.R. 5-8-4e. Applicable Not Applicable
9. **The completed well log shall be submitted with the required notice.** Applicable Not Applicable
10. All diversion works into which any type of chemical or other foreign substance will be injected into the water shall be equipped with an in-line, automatic, quick-closing check valve capable of preventing pollution of the source of the water supply. The check valve(s) shall be installed, operated and maintained in accordance with K.A.R. 5-3-5c. Applicable Not Applicable
11. Additional Conditions are attached. Yes No
12. In accordance with K.S.A. 82a-708a, as amended, and K.A.R. 5-5-14, all of the owners of the authorized place(s) of use of water appropriated under the above-referenced file number are responsible for compliance with its terms, conditions and limitations, as amended and/or supplemented by this Summary Order, and with applicable provisions of the *Kansas Water Appropriation Law* and the *Rules and Regulations* promulgated thereunder. Failure to comply with these provisions may result in civil penalties pursuant to K.S.A. 82a-737, as amended, and/or the suspension or revocation and dismissal of the water or appropriation right or any other enforcement actions authorized by law.

Administrative Appeal and Effective Date of Order

If you are aggrieved by this order, pursuant to K.S.A. 82a-1901, you may request an evidentiary hearing before the Chief Engineer or request administrative review by the Secretary of Agriculture. A request for hearing by the Chief Engineer must be filed within **15 days** of service of this Order and a request for administrative review by the Secretary must be filed within **30 days** pursuant to K.S.A. 77-531. Any request for administrative review must state a basis for review pursuant to K.S.A. 77-527. File any request with **Kansas Department of Agriculture, Legal Division, 1320 Research Park Drive, Manhattan, KS 66502**. Failure to timely request a hearing or review may preclude review under the Kansas Judicial Review Act.

Re: Request for Recommendation
Water Right, File No. 24571

Dear Mr. Norquest:

This is to advise you that Michael and Jennifer Standley, have3 filed an application for approval of the Chief Engineer, Division of Water Resources, Kansas Department of Agriculture, to change the point of diversion.

We are delaying action on the change applications to allow you time to review and provide a recommendation. Please submit a recommendation within 15 days from the date of this letter.

Thank you and as always feel free to contact this office at any time.

Sincerely,

A handwritten signature in blue ink that reads "Michael A. Meyer".

Meyer, Mike [KDA]

To: Norquest, Jason (Norquest@gmd3.org)
Subject: 24571

received a phone call from Rogelio Moncada 290-8871, domestic well to the east. he doesn't own the well pump thought a Vernon burngardht (sp) does? not sure how deep their well is but fairly new. there is another well to the east of that also (on my map)
he wants to make sure they have water for the future, and if their well is not deep enough, doesn't feel that they would have to pay for it or the entire cost that the owner of the irrigation well should have to split the cost.
just a comment received.

Mike

RE: Application for Change in Point of Diversion
Water Right, File No. 24571

Dear Mike:

We have completed a review of the application for the above referenced water right. The proposed change in point of diversion is in accordance with current area rules, K.A.R. 5-23-3, as it pertains to distance moved and minimum spacing to neighboring wells.

Well evaluations were conducted to estimate possible effects of the proposal on the supply of other wells with water rights prior to the proposal per K.S.A. 82a-708b, and the draft revised management program. Under K.S.A. 82a-708b, an applicant requesting a change in point of diversion must demonstrate to the chief engineer that any proposed change is reasonable and will not impair. The enclosed report is an analysis performed by the GMD on behalf of our membership. Under this analysis, the proposed change is considered to be reasonable and unlikely to impair if either the net in-season well-to-well effect of the proposed change is less than a strict maximum allowable threshold (3.5 ft in cases where saturated thickness is between 150-200 ft), or if no well with a net well-to-well effect exceeding the threshold is identified as critical. Critical wells are identified as wells that are expected to either lose or greatly diminish water supply over the next 25 years. The attached review information is based on a Theis analysis using inputs from the GMD3 aquifer model, which is considered to be the best information on well and aquifer data readily and easily available to the public. If either the applicant or the neighbors believe they have better data that might change the result of the analysis, they should contact GMD3. Conclusions of the well analysis may change if better information on well and aquifer data can be made available.

Every neighboring well within 1 mile of the proposed move was evaluated. Evaluations showed that none of the neighboring wells exceeded the net effect above the maximum allowable threshold. Our office did receive a comment of concern from neighboring well owner/tenant. We did discuss how we determine that minimum spacing is met and also the process for the well to well analysis. They still felt that the proposed well would have an effect on them, but were not going to submit a written concern at this time. Therefore, GMD3 sees this move as reasonable and therefore recommend that the application be approved. If aquifer conditions change or there is a change to the water right in the future, we would be happy to evaluate the effects at that time.

Thank you for the opportunity to review the applications and to provide a recommendation. If you have any questions, please don't hesitate to contact us.

Sincerely,

A handwritten signature in blue ink, appearing to read "Jason L. Norquest", is written over the typed name.

Had a couple of conversations with Harold Knoll. First time was in response from DWR letter to land that he is a tenant on for Larson's. He questioned if the spacing was met and I told him if we question any spacing we will also look at GPS data that our offices have to verify. We did discuss our analysis for the area and that the results are within guidelines and we did not see any critical wells with the proposed move. He still has concerns with the proposed move effecting his well, was not going to make a written concern at this time since harvest is in full swing.

24571 authorized 136AF @ 1220gpm.

Well not running during a recent inspection.

Avg reported water use (2011-2020): 96.9AF/year

We assisted the applicant with the redrill map, but did not do the applications.

Proposed well depth around 342.

Is a waiver needed: Move less than half mile and minimum spacing to neighboring wells appears met. Analysis shows possible effects within the guidelines and no critical wells.

No comments against the application were received by neighboring notices.

Recommendation: After review of all available information, it appears current area rules are met. Staff recommends approval of the application.

Evaluation of proposed move for Water Right No. 24571

Proposed: Move water right no. 24571 a distance of 2,558 ft to the northeast.

Wells within 1 mile: FI 20, 3545, 5952, 41116 & 43528, 3220, 17785, 10805, 3583, FI 24, 3917 & 12807, 3916, 988, 6481, and 8 domestic wells, numbered on the above map.

The saturated thickness at the proposed well location is estimated to be 171 ft, based upon the driller's log and an observation well in section 31-23-32. For saturated thickness between 150 ft and 200 ft, the drawdown allowance is 3.5 ft.

50 year Theis Analysis: The following values were used to run the analysis:

$$S = 0.2335, T = 9938.4 \text{ ft}^2/\text{day},$$

$$t_{p_{\text{current}}} = 120 \text{ days (assumed)}, Q_{\text{current}} = 183 \text{ gpm (based on average use and assumed time pumped)},$$

$$t_{p_{\text{proposed}}} = 25.2 \text{ days}, Q_{\text{proposed}} = 1220 \text{ gpm}$$

Theis drawdowns were calculated as follows:

FI 20: Drawdown from current location = 0.39 ft
 Drawdown from proposed location = 0.66 ft
 Net drawdown = **0.3 ft**

RECEIVED

SEP 27 2021

**Garden City Field Office
Division of Water Resources**

3545: Drawdown from current location = 0.37 ft
Drawdown from proposed location = 0.75 ft
Net drawdown = **0.4 ft**

5952: Drawdown from current location = 0.52 ft
Drawdown from proposed location = 0.78 ft
Net drawdown = **0.3 ft**

41116 & 43528: Drawdown from current location = 1.05 ft
Drawdown from proposed location = 1.01 ft
Net drawdown = **0.0 ft**

3220: Drawdown from current location = 0.93 ft
Drawdown from proposed location = 1.60 ft
Net drawdown = **0.7 ft**

17785: Drawdown from current location = 0.60 ft
Drawdown from proposed location = 1.24 ft
Net drawdown = **0.6 ft**

10805: Drawdown from current location = 0.45 ft
Drawdown from proposed location = 1.32 ft
Net drawdown = **0.9 ft**

3583: Drawdown from current location = 0.36 ft
Drawdown from proposed location = 0.64 ft
Net drawdown = **0.3 ft**

FI 24: Drawdown from current location = 0.40 ft
Drawdown from proposed location = 0.65 ft
Net drawdown = **0.3 ft**

3917 & 12807: Drawdown from current location = 0.59 ft
Drawdown from proposed location = 0.58 ft
Net drawdown = **0.0 ft**

3916: Drawdown from current location = 0.90 ft
Drawdown from proposed location = 0.71 ft
Net drawdown = **-0.2 ft**

988: Drawdown from current location = 0.66 ft
Drawdown from proposed location = 0.59 ft
Net drawdown = **-0.1 ft**

6481: Drawdown from current location = 0.55 ft
Drawdown from proposed location = 0.63 ft
Net drawdown = **0.1 ft**

Domestic 1: Drawdown from current location = 0.41 ft
Drawdown from proposed location = 0.84 ft
Net drawdown = **0.4 ft**

Domestic 2: Drawdown from current location = 0.73 ft
Drawdown from proposed location = 1.89 ft
Net drawdown = **1.2 ft**

Domestic 3: Drawdown from current location = 0.59 ft
Drawdown from proposed location = 0.81 ft
Net drawdown = **0.2 ft**

Domestic 4: Drawdown from current location = 0.57 ft
Drawdown from proposed location = 2.30 ft
Net drawdown = **1.7 ft**

Domestic 5: Drawdown from current location = 0.54 ft
Drawdown from proposed location = 1.82 ft
Net drawdown = **1.3 ft**

Domestic 6: Drawdown from current location = 0.39 ft
Drawdown from proposed location = 0.63 ft
Net drawdown = **0.2 ft**

RECEIVED

SEP 27 2021

Garden City Field Office
Division of Water Resources

Domestic 7: Drawdown from current location = 0.62 ft
Drawdown from proposed location = 0.58 ft
Net drawdown = **0.0 ft**

Domestic 8: Drawdown from current location = 0.60 ft
Drawdown from proposed location = 0.58 ft
Net drawdown = **0.0 ft**

Net drawdown does not exceed the drawdown allowance of 3.5 ft for any well within 1 mile of the proposed location. Therefore, critical well analysis is not necessary.

Conclusion:

The proposed move is likely to create minimal effects on neighboring wells and is unlikely to cause impairment. GMD3 staff recommends approval of this proposal.

RE: Application for Change
Water Right, File No. 24571

Dear Sir:

This is to advise you that Michael Standley has filed applications for approval of the Chief Engineer, Division of Water Resources, Kansas Department of Agriculture, for change in point of diversion under the above referenced application.

You can find the complete application posted by water right file number as referenced above at www.agriculture.ks.gov/divisions-programs/dwr/water-appropriation/notices.

You are notified of this proposed point of diversion (well) so that you may furnish this office with any comments or other information you may want to submit. Such comments or other information must be received in this office within 15 days from the date of this letter.

Should you have any questions, please feel free to call this office. If you would prefer, an appointment could be arranged for additional assistance. Please refer to the file number when you contact us if you wish to discuss a specific file.

Sincerely,

A handwritten signature in blue ink that reads "Michael A. Meyer".
