Dear Sir or Madam:

Enclosed is the order executed by the designee of the Chief Engineer, Division of Water Resources, Kansas Department of Agriculture, approving the application for change under the above referenced file numbers.

Your attention is directed to the enclosures and to the terms, conditions, and limitations specified in this approval for change. Please return the required notification of completion of the diversion works and/or installation of the required meter as soon as these actions are completed.

Since the order modifies the original document referred to above, it should be recorded with the Register of Deeds as other instruments affecting real estate.

Should you have any questions, please feel free contact this office. If you would prefer, you could arrange an appointment for additional assistance.

Sincerely,

A handwritten signature in blue ink that reads "Austin J. McColloch".

Austin,

I understand that there are ten files involved in the place of use application pertaining to addition of file 9217 to our system and that I only signed one application page but I am in agreement on all the other files being changed.

This has been sent in lieu of obtaining nine more notarized forms and you have my permission to copy the one you have and use on all files involved.

I have asked all parties involved to contact you accordingly and thanks for your help today.

Thanks

Bryan Smith - owner and V.P. @ J&L Smith Farms
