Re: Water Right File No. 17125.05

Dear Ms. Durham:

This is to advise you that HRC Feed Yards LLC has filed an application for approval of the Chief Engineer, Division of Water Resources, Kansas Department of Agriculture, to change the point of diversion for the above referenced file. This application meets the current rules and spacing is being increased from current spacing to other existing wells. Please note that File No. 8716.05 will be also moved to this new proposed location which is a less than 300 feet move to the proposed location which we will process.

We are delaying action on the change application to allow you time to review and provide a recommendation. Please submit a recommendation within 15 days from the date of this letter.

Thank you and as always feel free to contact this office at any time.

Sincerely,

A handwritten signature in blue ink that reads "Michael A. Meyer".
