RE:

Filed Office Application for Change

Vested Right, File No. ST-9

Water Right, File Nos. 5404; 12151; 15351; 26064 and 26825

Dear Sir or Madam:

Enclosed is the order executed by the designee of the Chief Engineer, Division of Water Resources, Kansas Department of Agriculture, approving the application for change under the above referenced file numbers. **Note:** this approval does not allow any single point of diversion to exceed its annual authorized quantity.

Your attention is directed to the enclosures and to the terms, conditions, and limitations specified in this approval for change. A condition of this approval is that an acceptable water flow meter must be installed on the diversion works authorized under the referenced file number and meet current specifications. Please return the required notification of completion of the diversion works and/or installation of the required meter as soon as these actions are completed.

Since the order modifies the original document referred to above, it should be recorded with the Register of Deeds as other instruments affecting real estate.

Should you have any questions, please feel free contact this office. If you would prefer, you could arrange an appointment for additional assistance.

Sincerely,

Austin J. McColloch

Assistant Water Commissioner

They have made application to change the place of use to combine all of the land authorized into a single place of use under all of the above files. Their applications request the approval of the Chief Engineer as prescribed under K.S.A. 82a-708b. They request the approval include by reference this addendum in order to make in possible for either party to terminate this combined arrangement as agreed. They further agree that this addendum will be binding on any heirs, successors, or assigns to the aforementioned property unless or until the combined arrangement is terminated and the water rights again stand alone.

The undersigned agree that in the event either party desires the termination of this combined arrangement of water rights, either landowner may act unilaterally to separate the above water rights files. They agree and authorize the Chief Engineer to recognize this addendum as authority and consent by both parties on subsequent applications to change the place of use only if said applications to change the place of use are made for this purpose of returning these water rights to the original places of use authorized on the date of signing this document.

PLEASE NOTE: Signatures of owners are on the back page of this addendum.

RE: Applications for Change in Place of Use

Water Right, File Nos. ST09, 5404, 12151, 15351, 26064 & 26825

Dear Austin:

We have completed a review of the applications for the above referenced water rights. The proposals are not in conflict with the Management Program of the Southwest Kansas Groundwater Management District No. 3 (GMD3). In accordance with K.A.R. 5-5-11(b), the applicant is proposing to make a complete overlap in current acres. No new unauthorized acres are proposed. It is therefore recommended that the application be approved at this time.

Thank you for the opportunity to review the applications and to provide a recommendation. If you have any questions, please don't hesitate to contact us.

Sincerely,

Jason L. Norquest Assistant Manager

File No. ST-9; 5404; 12151; 15351; 26064 & 26825

Dear Sir or Madam:

We are enclosing a copy of the referenced application, which was submitted by Seth Nelson and appears to be in proper form, for your review.

We are delaying any further action for a period of 15 days from the date of this letter to allow you time to submit your recommendation concerning this application. Please submit your recommendation within the allotted time, or any authorized extension of time thereof.

If you have any questions, please contact me at (620) 276-2901. If you wish to discuss a specific file, please have the file number ready to that I may help you more efficiently.

Sincerely,

Austin McColloch

Assistant Water Commissioner
