### Names and Address:

1. Person ID # <u>?</u>	2.	Person ID #	3.	Person ID #
Frank J Harper				
8426 S Ridge Road				
Sedgwick, KS 67135-8994				

# 1. Give to Applicant:

- a. Original application/approval
- b. Original receipt (one for each application)
- c. Information packet containing:
- Notice and Proof form
- Water Meter Specifications
- Acceptable Meter list
- Water level measurement tube specifications
- Check Valve specifications
- Pink Sheet K.S.A. 82a-728 letter
- Form stating to record in Register of Deeds Office (OPTIONAL AS NEEDED)

GENERAL INSTRUCTIONS

- 2. Send to headquarters:
- a. Good, <u>scannable</u> copy of application and/or approval and this check sheet
- b. Original check and copy of receipt
- c. Test hole log
- d. GMD recommendation, if any
- e. Map or aerial photograph, if any
- 3. Send to KDHE: Letter (KDHE.LT) advising of location of abandoned well.

### CONDITIONS

- 1. Insert notice and proof date.
- 2. Type or print applicant's/owner's name on line.
- 3. Complete notary statement.

- 4. Date stamp received and approved.
- 5. Complete ownership and WUC change information.

Re: Water Right, File No(s). 27996

Dear Water Right Owner:

Enclosed is the order executed by the Chief Engineer, Division of Water Resources, Kansas Department of Agriculture, approving the application for change under the above referenced file number(s).

Your attention is directed to the enclosures and to the terms, conditions and limitations specified in this approval for change. An acceptable water flow meter must be installed on your well before any water is applied as authorized under this change approval. A copy of the approved list of <u>Certified Water Flowmeters</u> as well as the regulations regarding the installation of flowmeters, measurement tubes and check valves can be found at <u>http://agriculture.ks.gov/divisions-programs/dwr/water-appropriation/water-flowmeters</u>. If you do not have access to the internet, please contact this office and we will send you a paper copy of the referenced information.

Since this order modifies the original document referred to above, it should be recorded with the Register of Deeds as other instruments affecting real estate.

Should you have any questions, please feel free to contact this office. If you wish to refer to a specific file, please reference it when you contact us.

Sincerely,

Jeff Lanterman Water Commissioner

# SUMMARY ORDER APPROVING APPLICATION FOR CHANGE AND IMPOSING CONDITIONS

This Summary Order is issued under authority of K.S.A. 82a-708b, as amended, and K.A.R. 5-14-3 and other applicable provisions of the *Kansas Water Appropriation Law, K.S.A. 82a-701 et. seq.*, and rules and regulations promulgated thereunder, K.A.R. 5-1-1 *et.seq.* With the exception of those conditions expressly contained herein, this Summary Order does not change the terms, conditions and limitations of File No. 27996

- 1. A change application was received on <u>*Tune* 29, 20/b</u> requesting that the place of use and / or point of diversion authorized under the above-referenced file number be changed as described in the application.
- 3. The change in point of diversion shall not impair existing rights and shall be limited to the same source or sources of water as previously authorized. The point of diversion authorized by this summary order shall be located within a \_\_\_\_\_\_ foot radius of the authorized point(s) of diversion. 
  Applicable 
  Not Applicable
- 4. The point(s) of diversion authorized herein shall not actually be located more than \_\_\_\_\_\_ feet from the previously authorized point(s) of diversion.
- 5. As required by K.A.R. 5-3-5d, if the works for diversion is a well with a diversion rate of 100 gallons per minute or more, a tube or other device suitable for making water level measurements shall be installed, operated and maintained in accordance with K.A.R. 5-6-13. 
  Applicable 
  Not Applicable
- 6. The owner of the authorized place(s) of use shall properly install an acceptable water flow meter on or before December 31, 2016, or before the first use of water, whichever occurs first. The water flow meter shall be installed, operated and maintained in accordance with K.A.R. 5-1-4 through 5-1-12. As required by K.S.A. 82a-732, as amended, and K.A.R. 5-3-5e, the owner shall maintain records and report the reading of the water flow meter and the total quantity of water diverted annually to the Chief Engineer by March 1 following the end of each calendar year.
- 7. Installation of the works for diversion of water shall be completed on or before December 31, 20\_\_\_\_\_, or within any authorized extension of time. By March 1, 20\_\_\_\_\_ the applicant shall notify the Chief Engineer that construction of the works for diversion has been completed, on the form provided by the Chief Engineer, as required by K.A.R. 5-8-4e.
  Applicable
  Not Applicable
- 8. The completed well log shall be submitted with the required notice. 
  Applicable 
  Not Applicable
- All diversion works into which any type of chemical or other foreign substance will be injected into the water shall be equipped with an in-line, automatic, quick-closing check valve capable of preventing pollution of the source of the water supply. The check valve(s) shall be installed, operated and maintained in accordance with K.A.R. 5-3-5c. Applicable IN Not Applicable
- 10. Additional Conditions are attached. 
  Ves 
  No
- 11. In accordance with K.S.A. 82a-708a, as amended, and K.A.R. 5-5-14, all of the owners of the authorized place(s) of use of water appropriated under the above-referenced file number are responsible for compliance with its terms, conditions and limitations, as amended and/or supplemented by this Summary Order, and with applicable provisions of the Kansas Water Appropriation Law and the Rules and Regulations promulgated thereunder. Failure to comply with these provisions may result in civil penalties pursuant to K.S.A. 82a-737, as amended, and/or the suspension or revocation and dismissal of the water or appropriation right or any other enforcement actions authorized by law.

### Administrative Appeal and Effective Date of Order

You have the right to a hearing in accordance with K.A.R. 5-14-3 before this Summary Order becomes final action of the Kansas Department of Agriculture. Any request for a hearing must be filed with the Chief Engineer, Division of Water Resources, Kansas Department of Agriculture, 1320 Research Park Drive, Topeka, Kansas 66502, within 15 days after the date shown on the Certificate of Service attached hereto. If a hearing is not requested in accordance with K.A.R. 5-14-3, this Summary Order will become effective on the 15<sup>th</sup> day after the date shown on the Certificate of Service.

Re: Place of Use Change Application, File Nos. 24,902 & 27,996

Dear Mr. Boese:

We are enclosing copies of the applications, as referenced above, for your review and recommendations. At this time the applications appears to be in proper form.

This office will delay any further action on these files for a period of 15 days from the date of this letter to allow you time to submit your recommendations concerning the applications. Please submit your recommendations within the allotted time, or any authorized extension of time thereof.

If you have any questions, please feel free to contact the office.

Sincerely,

Cameron R. Conant Assistant Water Commissioner Stafford Field Office

Re: Change in Place of Use Applications - Water Right Nos. 24902 & 27996 - Frank J. Harper

Dear Mr. Conant:

The Equus Beds Groundwater Management District No. 2 reviewed the referenced change in place of use applications (No. 24902 – groundwater; No. 27996 – surface water) applications on July 22, 2016 using the District's Revised Management Program (effective May 1, 1995) and Rules and Regulations K.A.R. 5-22-1 through 5-22-17.

Under the change applications, the places of use were modified and formed an identical place of use overlap totaling 65 acres between the referenced water rights. The total combined water to land ratio is approximately 1.35 acre-feet per acre under the place of use applications.

The change applications comply with the Revised Aquifer Management program approved by the Chief Engineer and with the District's Rules and Regulations K.A.R. 5-22-1 through 5-22-17. Therefore, the change applications are recommended for approval by the Equus Beds Groundwater Management District No. 2.

A District decision may be appealed to the District Board of Directors by submitting a written petition to the District office within 30 days from date of this notification, pursuant to K.A.R. 5-22-12.

Please contact the District should you have any questions regarding the review or recommendation.

Sincerely, EQUUS BEDS GROUNDWATER MANAGEMENT DISTRICT NO. 2

- Rone
