MEMORANDUM

TO: File

DATE: 12/20/2017

FROM: Tyler Saryerwinnie

RE: File Nos. 22295 & 23868

This is a memorandum regarding surrounding well owner notification on irrigation field office PU changes and pertains to decisions made during the Water Commissioner meeting which took place on 11/16/2016 with directive from Lane Letourneau, Program Manager.

This is applicable to field office changes to increase the place of use by 10 acres or 10% (whichever is less) or a change in place of use to create a complete overlap in which no new acres are being irrigated.

During that meeting it was determined that no surrounding well owner notification will be sent under this type of Place of Use change. All well rates and quantities will remain unchanged and the referenced change will not cause impairment or impact surrounding well owners.

The change in place of use applications filed on 12/11/2017 for the above referenced files meet this criteria and surrounding well owners will not be notified.

RE: Water Right File Nos. 22295 & 23868
Change in the Place of Use

Dear Mr. Saryerwinnie,

Big Bend Groundwater Management District #5 has reviewed the above referenced applications to change the places of use. It is the understanding of the District that the intent of these changes is to create an overlap of the places of use between these water right files. Therefore, the applications appear to be consistent with 5-25-20(b) and are recommended for approval.

The applications to change are subject to the District's well equipment regulation K.A.R. 5-25-5 for a required flow meter.

Please feel free to give me a call if you have any questions.

Sincerely,

Orrin Feril
