MEMORANDUM

TO: File

DATE: 9/17/2019

FROM: Tyler Saryerwinnie

RE: File Nos. 22194, 22774, &
22777

This is a memorandum regarding surrounding well owner notification on irrigation field office PU changes and pertains to decisions made during the Water Commissioner meeting which took place on 11/16/2016 with directive from Lane Letourneau Program Manager.

This is applicable to field office changes to increase the place of use by 10 acres or 10% (whichever is less) or a change in place of use to create a complete overlap in which no new acres are being irrigated.

During that meeting it was determined that no surrounding well owner notification will be sent under this type of Place of Use change. All well rates and quantities will remain unchanged and the referenced change will not cause impairment or impact surrounding well owners.

The change in place of use applications filed on 9/13/2019 for the above referenced files meet this criteria and surrounding well owners will not be notified.

RE: Applications for Change in Place of Use
Water Right, File Nos. 22194, 22774 & 22777

Dear Tyler:

We have completed a review of the applications for the above referenced water rights. The proposals are not in conflict with the Management Program of the Southwest Kansas Groundwater Management District No. 3 (GMD3). The proposed change in place of use in irrigation acres is within the combined base acres for the water rights and will make a complete overlap, in accordance with K.A.R. 5-5-11. It is therefore recommended that the applications be approved at this time.

Thank you for the opportunity to review the applications and to provide a recommendation. If you have any questions, please don't hesitate to contact us.

Sincerely,

Arch said he'd be ok with all 4 pivots being called 122-123 acres. I rubbed my eyes right before he answered...I at a dang hot pepper on my sandwich during lunch and hadn't washed my hands well enough. Bad news. I was considering hanging up but we had such trouble connecting I stayed on, couldn't see and was crying, but I saw the call to the end!

He will call back today...if he doesn't we need to call him and chase down the ownership. He owns the east 2 pivots now and the west pivots need to be changed to a trust. I told him he can tell us what it is and we'll fill it out with the correct ownership and he can submit title/deed showing it correct when he sends back the apps.
