**CONDITIONS OF APPROVAL:**

The applicant shall install and maintain in proper operating condition a water flowmeter and that flowmeter shall be used to provide accurate and complete record from which water use shall be reported to the Chief Engineer on or before March 1 of the following year for which water use is being reported. Failure to file the annual water use report by the due date shall cause the applicant to be subject to a civil penalty.

The use of water herein authorized shall not be made so as to impair any use under existing water rights nor prejudicially and unreasonably affect the public interest.

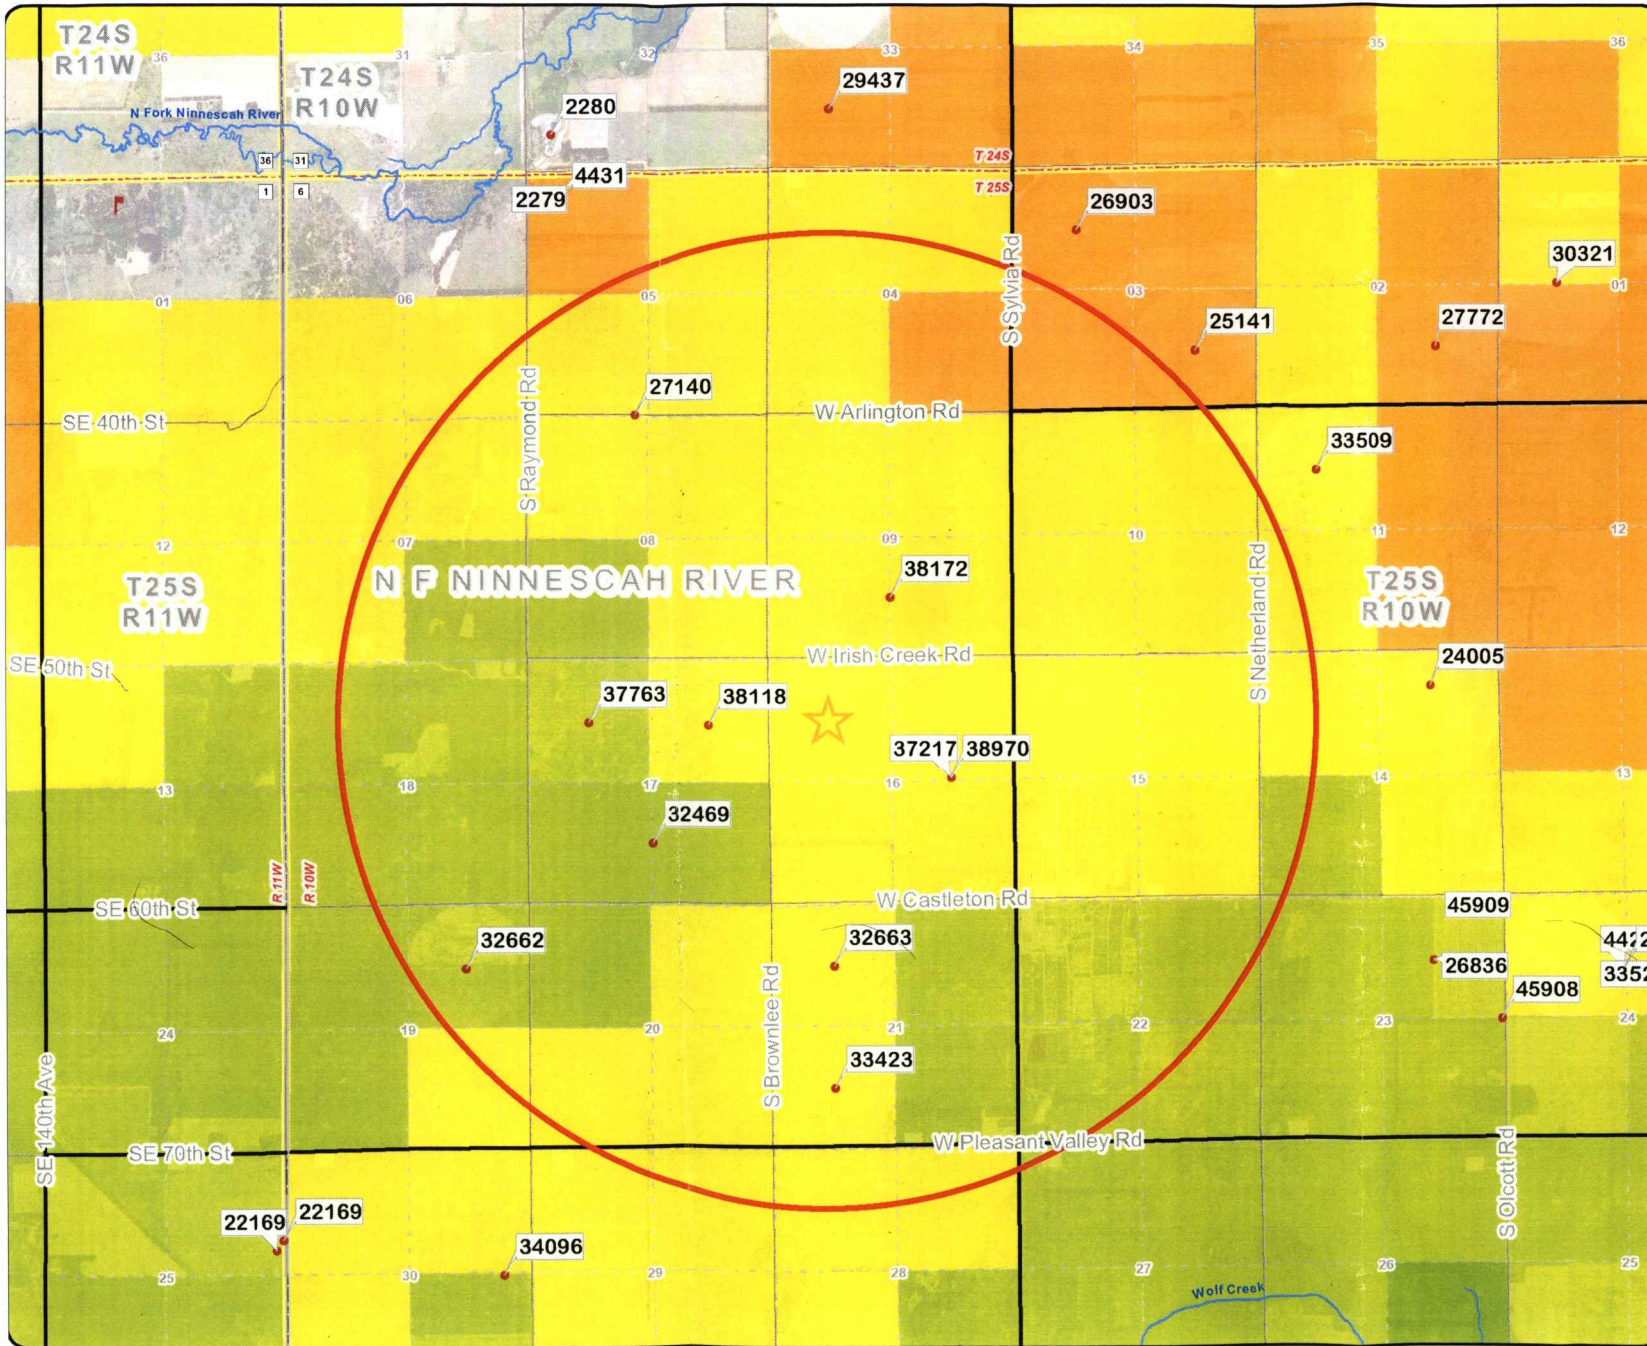

That the diversion of water authorized herein shall not cause an increase in depletion to any severely depleted groundwater aquifer or severely depleted stream course.

That the diversion of water authorized herein shall be diverted from, and used within, the same hydrologic unit where the water rights were deposited.

That any violation of the terms and conditions of this term permit shall make the permittee subject to the penalty provisions of K.A.R. 5-17-13.

The Chief Engineer specifically retains jurisdiction in this matter with authority to make such reasonable reductions in the approved rate of diversion and quantity authorized, and such changes in other terms, conditions, and limitations set forth in this approval and permit to proceed as may be deemed to be in the public interest.

**TERMS AND CONDITIONS OF CONTRACT**

Subject to the terms and conditions set forth below, Lessee agrees to lease from water right owner and/or The Central Kansas Water Bank Association (Association) and owner and/or Association agrees to lease to Lessee the water right identified above.

**EXERCISE OF CONTRACT** Lessee agrees that if the term permit is not obtained by 12/31/2021, this contract will be terminated.

**INSPECTION** Association shall have the right to inspect the point of diversion, place of use and water flow meter at any time during the term of this contract.

**ASSIGNMENT** The lessee may not assign or transfer the deposited water without prior written permission of the Association and chief engineer.

**WATER USE REPORTING** Association participants will be required to submit their Water Use Reports to the Division of Water Resources by March 1st each year throughout the duration of the contract. A copy of the Water Use Report shall be sent to the Association by March 1st each year throughout the duration of the contract.

**TERMS OF PAYMENT** Lessee shall pay to Association or Owner the sum of \$        on or before        during the term of this Lease.

**BINDING** This agreement shall be binding upon the parties hereto, their heirs, executors, administrators, and assigns.

**COMPLIANCE WITH ALL LAWS** This contract is subject to the provisions of the Association charter and all rules, regulations, and policies established by Big Bend Groundwater Management District #5 (including without limitation Central Kansas Water Bank Association Charter Section 506 set forth below) and the Kansas Department of Agriculture, Division of Water Resources. If a partial deposit is made, the depositor agrees to maintain an accurate water flow meter which meets or exceeds the rules and regulations K.A.R. 5-1-4 through 5-1-12 as approved by the Chief Engineer of Kansas Department of Agriculture, Division of Water Resources.

**TERMINATION** This Lease shall commence upon the issuance of the term permit and shall terminate upon the last day of the final calendar year of the Lease as set forth above unless sooner terminated by the termination of a term permit or the Contract of Deposit between Association and Owner. Upon termination, end of this Lease, or in the event of breach of contract, lessee agrees and promises to return the possession of any unused portion of the leased water to the Association without necessity of legal process.

**BREACH OF CONTRACT-PENALTIES** Breach of contract will result in forfeiture to participate in the Association in the future. All violations of the act, charter, and any applicable rules and regulations may be processed through Section 801 of this charter, and K.A.R. 5-17-13.

**ACKNOWLEDGEMENT OF TERMS AND CONDITIONS** The undersigned acknowledges they have read and understand the conditions of the above contract and have provided the Association with honest, accurate information in preparation of this lease.

Association Representative: John Hildebrand Date: 4-22-21

**Central Kansas Water Bank Association Charter  
Section 506**

**Rules for Leases**

The proposed lease is from water rights on deposit from the same hydrologic unit designated by the Association and within the Association's boundary.

The lease shall be subject to such terms and conditions, and such approval by the chief engineer, as provided by rules and regulations of the chief engineer.

The lessee shall complete an application for contract to lease water on a form prescribed by the Association and approved by the chief engineer. The application shall be filed with the Association and shall include the following:

- A. The hydrologic unit designation of leased water
- B. Calendar years that water is proposed to be leased
- C. Number of acre-feet proposed for lease, and the purpose of use
- D. Location where leased water will be used, including point of diversion, place of use, acres (if irrigation) current authorized rate (if existing well – proposed rate if new well)
- E. A current water level measurement
- F. Aquifer unit (source of supply)
- G. File numbers of all other water rights that authorize use of water from that point of diversion

Each approved contract shall set forth penalty provisions for breach of contract conditions.

In order to prevent an increase in consumptive use, applications to lease water for a use other than the authorized use of the deposited water proposed for lease shall comply with K.A.R. 5-5-9 and 5-5-10.
