**RE:** Application, File No. 50,075

The Triad of the Southwest (Ritchie Addison) has filed the referenced application for a permit to appropriate water for beneficial use, proposing the appropriation of 104 acre-feet of groundwater for irrigation use. The proposed point of diversion was the Geo-Center of a well battery to be located in the Southwest Quarter of the Northeast Quarter of the Southwest Quarter (SW $\frac{1}{4}$  NE $\frac{1}{4}$  SW $\frac{1}{4}$ ) of Section 15, more particularly described as being near a point 1460 feet North and 3830 feet West of the Southeast corner of said section, in Township 33 South, Range 2 West, Sumner County, Kansas. The applicant has another application for a larger quantity and place of use (File No. 50,134) partially covering the proposed place of use. During a phone call with the applicant on September 17, 2019 the incomplete Place of Use overlap was discussed. Rather than having multiple overlapping files the applicant agreed to dismiss Application File No. 50075. A voluntary dismissal of an application form was mailed to him on September 17, 2019.

On September 24, 2019 a signed "Voluntary Dismissal of an Application for Permit to Appropriate Water" form was received from the applicant. Therefore, Application, File No. 50,075 should be dismissed at the applicant's request.

**FINDINGS AND ORDER  
IN THE MATTER OF THE VOLUNTARY DISMISSAL OF APPLICATION  
FILE NO. 50,075**

After due consideration, the Chief Engineer, Division of Water Resources, Kansas Department of Agriculture (hereinafter referred to as the "Chief Engineer"), makes the following findings and order:

**FINDINGS**

1. That on June 28, 2018, the Chief Engineer received an application from Ritchie Addison on behalf of the Triad of the Southwest for a permit to appropriate water for beneficial use, assigned File No. 50,075, proposing the appropriation of 104 acre-feet of groundwater for irrigation use from the point of diversion described as a battery of wells with a geographic center proposed in the Southwest Quarter of the Northeast Quarter of the Southwest Quarter (SE $\frac{1}{4}$  NE $\frac{1}{4}$  SW $\frac{1}{4}$ ) of Section 15, more particularly described as being near a point 1,460 feet North and 3,830 feet West of the Southeast corner of said section, in Township 33 South, Range 2 West, Sumner County, Kansas.
2. That on September 17, 2019, a phone conversation was had with the applicant to discuss an incomplete place of use overlap between Application File No. 50,075 and Application File No. 50,134. After going over the options the applicant stated he would be interested in dismissing Application File No. 50,075.
3. That on September 17, 2019, a letter and a Voluntary Dismissal of an Application for Permit to Appropriate Water form was mailed to the applicant.
4. On September 24, 2019, a signed Voluntary Dismissal of an Application for Permit to Appropriate Water form dated September 20, 2019, was received from the applicant in the Stafford Field Office of the Chief Engineer.
5. That the application should be dismissed, and its priority forfeited as requested.
