File No. <u>19962</u>

Equus Beds Groundwater Management District No. 2 Abandoned Well Plugging Agreement

aba	, <u>Gary L. Base</u> , the undersigned and owner of an abandoned water well understand that an abandoned water well is a groundwater contamination threat and a public health and safety nazard.						
westhe	which is approximately 3981 feet north and 1336 feet st of the apparent Southeast section corner. Total well depth is unknown feet and diameter of the well is 16 inches. Current depth to static water level in the well is 22 feet below land surface. The well was previously authorized by water permit no. 19962.						
Ma the	gree to properly plug the abandoned wells pursuant to the Equus Beds Groundwater nagement District rules and regulations K.A.R. 28-30-200 through K.A.R. 28-30-207 and following agreement provisions:						
	Well plugging operations will be supervised by either (a) a water well contractor licensed with the Kansas Department of Health and Environment, (b) a profession engineer or geologist licensed to practice in the State of Kansas, or (c) the abandoned water well owner or land owner of the property on which the water well or borehole is located.						
2.	. The above described wells will be plugged: a) by,, or b) within 30 days after the replacement well, approved by a change in point of diversion, becomes operational.						
3.	A completed WWC-5P form will be submitted to the Kansas Department of Health and Environment within 30 days after the abandoned well is plugged and a copy of the WWC-5P form will be furnished to the District within the same period of time.						
4.	The well owner or authorized agent will notify the District 48 hours before plugging operations occur.						
5.	Failure to comply with the provisions of this agreement shall constitute noncompliance of the groundwater management district rules and regulations K.A.R. 28-30-200 through K.A.R. 28-30-207.

Re: Water Right, File No(s). 19962

Dear Water Right Owner:

Enclosed is the order executed by the Chief Engineer, Division of Water Resources, Kansas Department of Agriculture, approving the application for change under the above referenced file number(s).

Your attention is directed to the enclosures and to the terms, conditions and limitations specified in this approval for change. An acceptable water flow meter must be installed on your well before any water is applied as authorized under this change approval. A copy of the approved list of <u>Certified Water Flowmeters</u> as well as the regulations regarding the installation of flowmeters, measurement tubes and check valves can be found at https://www.agriculture.ks.gov/divisions-programs/dwr/water-appropriation/new-applications-and-permits. If you do not have access to the internet, please contact this office and we will send you a paper copy of the referenced information.

Since this order modifies the original document referred to above, it should be recorded with the Register of Deeds as other instruments affecting real estate.

This order requires that a notice and completion of works form be submitted once the diversion works are completed, including a properly installed flowmeter. This form is available at the referenced website.

Any abandoned well must be plugged in accordance with the requirements of Article 30 of the Rules and Regulations as adopted by the Kansas Department of Health and Environment.

Should you have any questions, please feel free to contact this office. If you wish to refer to a specific file, please reference it when you contact us.

Sincerely,

Jeff Lanterman

Water Commissioner
