RE: Application Assistance—Change Application
File No. 5699

Dear Jason,

You will find enclosed with this letter an application to change the point of diversion for the referenced file number, which was completed based on our recent phone conversation. The enclosed application proposes to move 70 million gallons of authorized quantity per year from Well 5 (K96 well) to Well 9 (well at 17th and McKinley). These wells are both authorized by File No. 5699.

The enclosed application is complete but should be reviewed for accuracy and will need a notarized signature from an authorized representative(s) of the City of Great Bend. In addition, the maps showing the authorized point of diversion for each file number will need reviewed. Any known domestic wells within the 1,000-foot circle on the zoomed in map should be marked and the owner's name and address provided. Once determined to be complete, the map will need a signature.

An application fee of \$200 is required and can be paid by check, made payable to the Kansas Department of Agriculture. Please submit the signed application with payment to the Manhattan Office for processing. If I can be of any further assistance, or if you have any questions regarding the enclosed documents, please call me at 620.268.6033.

Sincerely,
