Comments:

Field checks indicate the pumpsites are located as authorized. The change approvals will require the instillation of water flowmeters. The WIRS database indicates acceptable meters are installed on the pumpsites authorized by the referenced files. The approvals will require that if chemigation will be utilized, a check valve is required to be installed and maintained. Riffle, MDS and water level measurement tube requirements and approval wording are not applicable to the approvals or reductions.

Kelly Stewart, Water Commissioner of the Stockton Field Office, was contacted for a recommendation on the proposed changes and reductions in place of use. He recommended approval of the package per his email dated May 18, 2017. He was contacted on May 22, 2017, to inform him of the reduction and the modification of the additional limitation to File No. 46,868.

Based on the above discussion, that the changes are reasonable, there will be no significant increase in the consumptive use and impairment of existing water rights is unlikely, it is recommended that the referenced applications for change in place of use be approved.

RE: Water Right, File Nos. 2,806; 6,532 & 39,260  
Appropriation of Water, File No. 46,868

Dear Sirs:

Enclosed are the orders executed by the Chief Engineer, Division of Water Resources, Kansas Department of Agriculture, approving the applications for change under File Nos. 6,532 & 39,260, along with the Findings and Order for File Nos. 2,806 & 46,868.

Your attention is directed to the enclosures and to the terms, conditions, and limitations specified in the approvals for change. All the referenced files must have an acceptable water flowmeter must be installed for each of the diversion works authorized under the files. Records in this office indicate that meters are currently installed, however if that has changed please contact our staff at the Stockton Filed Office, at (785) 425-6787.

Since these orders modify the original documents referred to above, they should be recorded with the Register of Deeds as other instruments affecting real estate.

If you have any questions, please contract Leslie Ireland, Environmental Scientist, at (785) 566-6633. If you wish to discuss a specific file, please have the file number ready so that we may help you more efficiently.

Sincerely,

  
Brent A. Turney, L.G.

**APPROVAL OF APPLICATION  
FOR  
CHANGE IN PLACE OF USE  
WATER RIGHT, FILE NO. 39,260**

The Chief Engineer, Division of Water Resources, Kansas Department of Agriculture, after due consideration of the written application of Doyle Robison and Delton Robison on behalf of Robison Farms #2 LLC, 1390 70 Road, PO Box 183, Scandia, Kansas 66966-0183, received in the office of the Chief Engineer on March 20, 2017, for approval of a change in the location of the place of use under the certificate of appropriation issued pursuant to the permit to appropriate water for beneficial use, as modified and amended by the Order of the Chief Engineer dated August 6, 1999, approving the application to change the place of use, and by the Order of the Chief Engineer dated November 19, 2002, approving the application to change the place of use, and by the Order of the Chief Engineer dated December 1, 2003, approving the application to change the point of diversion, finds that the change is reasonable and will not impair existing rights, and that the application should be and is hereby approved.

The effective date of the change shall be the date this order is executed by the Chief Engineer, after which the authorized location of the place of use shall be:

Sec. Twp. Range	NE¼				NW¼				SW¼				SE¼				TOTAL
	Lot 1	Lot 2	SW¼	SE¼	Lot 2	NW¼	SW¼	SE¼	NE¼	NW¼	Lot 5	SE¼	NE¼	NW¼	SW¼	SE¼

36 2 S 5 W	7.00	21.00			3.00												31.00

a total of 64.0 acres in Section 25, and 31.0 acres in Section 36,  
both in Township 2 South, both in Range 5 West, Republic County, Kansas,

located substantially as shown on the topographic map accompanying the application to change the place of use.

All diversion works into which any type of chemical or other foreign substance will be injected into the water pumped from the diversion works shall be equipped with an in-line, automatic, quick-closing check valve capable of preventing pollution of the source of the water supply. The type of valve installed shall meet specifications adopted by the Chief Engineer and shall be maintained in an operating condition satisfactory to the Chief Engineer.

The water right owner shall properly install an acceptable water meter on the diversion works authorized under this water right, prior to the use of water, in strict accordance with the Kansas Administrative Regulations 5-1-4 through 5-1-12 adopted by the Chief Engineer. The water right owner shall notify the Chief Engineer when installation of the water meter has been completed. The water right owner shall maintain the water meter in an operating condition satisfactory to the Chief Engineer, at all times during diversion of water and shall maintain records from which the total quantity of water diverted may be determined. The water right owner shall also report the reading of said water meter and the total quantity of water diverted annually to the Chief Engineer. Such records shall be furnished to the Chief Engineer by March 1 following the end of each calendar year.

In all other respects, the Certificate of Appropriation issued pursuant to Approval of Application, File No. 39,260, for permit to appropriate water for beneficial use, is as stated and set forth in the Certificate of Appropriation dated February 8, 1994, as modified and amended by the aforementioned orders.

This Order shall become a final agency action, as defined by K.S.A. 77-607(b), without further notice to the parties, if a request for hearing or a petition for administrative review is not filed as set forth below.

Request for Hearing. According to K.A.R. 5-14-3(c), any party who desires a hearing must submit a request within 15 days after the date shown on the Certificate of Service attached to this Order. Filing a request for a hearing will give you the opportunity to submit additional facts for consideration, contest any findings made by the Chief Engineer or present any other information you believe should be considered in this matter. A timely-filed request for hearing will stay the deadline for requesting administrative review of this Order pending the outcome of the hearing.

Petition for Review. Any person aggrieved by this Summary Order may petition for administrative review, pursuant to K.S.A. 82a-708b(a) and K.S.A. 82a-1901(a). The petition must be filed within 30 days after the date shown on the Certificate of Service attached to this Order and must set forth the basis for the review, unless stayed by the timely filing of a request for hearing.

Any request for hearing or petition for administrative review shall be in writing and shall be submitted to the attention of: Chief Legal Counsel, Kansas Department of Agriculture, 1320 Research Park Drive, Manhattan, Kansas 66502, Fax: (785) 564 - 6777.

12. The presently authorized use of water is for irrigation purposes.  
It is proposed that the use be changed to N/A purposes.
13. If changing the place of use and/or use made of water, describe how the consumptive use will not be increased.  
Change is necessary to remove a partial overlap with File 46,868 and authorize 3 acres under pivot not currently authorized.  
Files 6,532 and 39,260 have approximately 130.5 base acres per a memo in the file.

(Please show any calculations here.)

14. It is requested that the maximum annual quantity of water be reduced to n/a (acre-feet or million gallons).

15. It is requested that the maximum rate of diversion of water be reduced to n/a gallons per minute (     c.f.s.).

16. The application must include either a topographic map or detailed plat. A U.S. Geological Survey Topographic Map, scale 1:24,000, is available through the Kansas Geological Survey, 1930 Constant Avenue, University of Kansas, Lawrence, Kansas 66047-3726 ([www.usgs.gov](http://www.usgs.gov)). The map should show the location of the presently authorized point(s) of diversion. Distances North and West of the Southeast corner of the section must be shown. The presently authorized place of use should also be shown. Identify the center of the section, the section lines and the section corners and show the appropriate section, township, and range numbers on the map. In addition the following information must also be shown on the map.

  - a. If a change in the location of the point(s) of diversion is proposed, show:
    - 1) The location of the proposed point(s) of diversion. Distances North and West of the Southeast corner of the section must be shown. Please be certain that the information shown on the map agrees with the information shown in Paragraph Nos. 9, 10 and 11 of the application.
    - 2) If the source of supply is groundwater, please show the location of existing water wells of any kind, including domestic wells, within ½ mile of the proposed well or wells. Identify each well as to its use and furnish name and mailing address of the property owner or owners. If there are no wells within ½ mile, please indicate so on the map.
    - 3) If the source of supply is surface water, the names and mailing addresses of all landowner(s) ½ mile downstream and ½ mile upstream from your property lines must be shown.
  - b. If a change in the place of use is desired, show the proposed place of use by crosshatching on the map. Please be certain that the information shown on the map agrees with the information shown in Paragraph No. 5 of the application.

17. Attach documentation to show the change(s) proposed herein will not impair existing water rights and relates to the same local source of supply as to which the water right relates. This information may include statements, plats, geology reports, well logs, test hole logs, and other information as necessary information to show the above. Additional comments may be made below.  
Applications for Change in Place of Use for Files 6,532 & 39,260 should be processed along with Requests to Reduce  
under Files 2,806 & 46,868. Changes and reductions are necessary to remove partial overlaps and allow a draft certifiante  
to be issued under File 46,868.  

---

---

18. If the proposed change(s) does not meet all applicable rules and regulations of the Kansas Water Appropriation Act, please identify the rules and regulations for which you request a waiver. State the reason why a waiver is needed and why the request should be granted. Attach documentation showing that granting the request will not impair existing water rights and will not prejudicially and unreasonably affect the public interest.

**IF MORE SPACE IS NEEDED, ATTACH ADDITIONAL SHEETS AS NECESSARY**

Any use of water that is not as authorized by the water right or permit to authorize water **before** the chief engineer approves this application is a violation of the Kansas Water Appropriation Act for which criminal or civil penalties may be assessed. Such violation is a class C misdemeanor, punishable by a fine not to exceed \$500 and/or a term of confinement not to exceed one month in the county jail. K.S.A. 82a-728(b). Civil penalties shall be not less than \$100 nor more than \$1,000 per violation. In the case of a continuing violation, each day such violation continues may be deemed a separate violation. In addition to these penalties the water right may be modified or suspended. K.S.A. 82a-737, as amended.

The application must be signed by all owners of the place of use authorized under the water right and his or her spouse, if married. Please indicate if there is no spouse. If land is being purchased under contract, the seller must sign as landowner until such time as the contract is completed.

In the event that all applicants cannot appear before one notary public, they may as necessary sign separate copies of the application before any notary public conveniently available to them. All copies signed in this manner shall be considered to be valid parts of the application.

If the request is signed on behalf of any Owner by someone with legal authority to do so (for example, an agent, one who has power of attorney, or an executor, executrix, conservator), it will be necessary to attach proper documents showing such authority.

I declare that I am an owner of the currently authorized place of use as identified herein, or that I represent all such owners and am authorized to make this application on their behalf, and declare further that the statements contained herein are true, correct, and complete. By filing this application I authorize the chief engineer to permanently reduce the quantity of water and/or rate of diversion as specified in sections 14 and 15 of this application.

Leslie,

I'll recommend approval if you'll change Steward to Stewart in the memo. 😊

RE: Water Right, File Nos. 6,532 & 39,260

Dear Sir or Madam:

This letter is to **provide notice** as required by Kansas Senate House Bill No. 337, which became effective on July 1, 2016. This notice is to inform you that the owner of the referenced appropriations of water has filed application for approval of the Chief Engineer, Division of Water Resources, Kansas Department of Agriculture.

The applications for Water Right, File Nos. 6,532 & 39,260, proposes a change in the place of use shifting acres from the Southwest Quarter to the Southeast Quarter of Section 25, and a redistribution of the authorized acres in the Northeast Quarter of Section 36, all in Township 2 South, Range 5 West, Republic County.

If you have any questions, please contact our office, my desk phone is (785) 564-6633. If you wish to discuss a specific file, please have the file numbers ready so that we may help you more efficiently.

Sincerely,

RE: File No. MP 39260

Dear Sir or Madam:

An application for approval of the Chief Engineer to change the following condition or conditions of the file number referred to above has been received:

- place of use            PU
- point of diversion
- use made of water

As a matter of record, the Division of Water Resources has on hand a large number of applications awaiting processing. Therefore, to be fair to all concerned, and so that we can process those applications on hand in the order they were received, we intend to concentrate on the backlog of applications until the issue is resolved. You will be contacted regarding this application as soon as it has been examined.

In accordance with the provisions of the Kansas Water Appropriation Act, a portion of which is included below, the use of water prior to approval of the application is unlawful. You should not proceed and divert water as indicated by your plans in your application for a change for this file until you receive approval for this change from the Chief Engineer. Once approved, compliance with the terms, conditions and limitations of the permit is necessary. Conservation of the water resources of Kansas is required.

**Section 82a-728 of the Kansas Water Appropriation Act, provides (a) except for the appropriation of water for the purpose of domestic use, . . . it shall be unlawful for any person to appropriate or threaten to appropriate water from any source without first applying for and obtaining a permit to appropriate water in accordance with the provisions of the Water Appropriation Act or for any person to violate any condition of a vested right, appropriation right or an approved application for a permit to appropriate water for beneficial use.**

**(b) (1) The violation of any provision of this section by any person is a class C misdemeanor...**

**A class C misdemeanor is punishable by a fine not to exceed \$500 and/or a term of confinement not to exceed one month in the county jail. Each day that the violation occurs constitutes a separate offense.**

If you have any questions, please contact me at (785) 564-6645. If you wish to discuss a specific file, please have the file number ready so that we may help you more efficiently.

Sincerely,
