Re: Water Right, File No. 3,588

Dear Mr. Johnson:

Enclosed is the order executed by David W. Barfield, Chief Engineer, Division of Water Resources, Kansas Department of Agriculture, approving the application for change under the above referenced file number.

Your attention is directed to the terms, conditions, and limitations specified in this approval for change. Also, the approval of the order requires the installation of a water flow meter(s) on the point(s) of diversion authorized under the above referenced file number by **December 31, 2019**. Please complete and return the enclosed Notice of Completion of Diversion Works when a water flow meter has been installed. A copy of the Chief Engineer's specifications for the water flow meters are found in K.A.R. 5-1-4 through K.A.R. 5-1-12 along with a partial list of those flow meters found to be acceptable for installation in Kansas can be found on our website at the following web address:

http://agriculture.ks.gov/meters

Please note that all meters must be installed and maintained in accordance with the specifications for water flow meters referenced above.

The abandoned water well must be plugged in accordance with the requirements of Article 30 of the Rules and Regulations as adopted by the Kansas Department of Health and Environment (KDHE). If the well is to be retained by the landowner for other purposes, a copy of the legal transfer of responsibility for maintenance of the well must be forwarded to KDHE Geology Section, 1000 SW Jackson, Suite 420, Topeka, Kansas 66612, telephone number (785) 296-5524. More information is available online at: <u>http://kdheks.gov/waterwell</u>

Since this order modifies the original certificate, it should be recorded with the Register of Deeds just as other legal documents affecting real estate. Such records are maintained at the Register of Deeds Office in the county wherein the place of use is located.

This document is a summary order by this agency regarding this matter. This order shall become final if a request for a hearing is not filed with the Chief Engineer within 15 days of the date of service of this order.

If you have any questions, please feel free to contact this office at (785)425-6787. If you wish to refer to a specific file, please reference it when you contact us.

Sincerely,

Mark Billinger Assistant Water Commissioner

RE: Appropriation of Water, File No.3,588

Dear Sir or Madam:

This is to advise you that Duane Johnson has filed an application for approval of the Chief Engineer, Division of Water Resources, Kansas Department of Agriculture, to change the point of diversion under the above referenced file number.

The application proposes the following change in the location of the point of diversion.

- from: one (1) surface water diversion located in the Northeast Quarter of the Southeast Quarter of the Southeast Quarter (NE¼ SE¼ SE¼) of Section 34, more particularly described as being near a point 835 feet North and 49 feet West of the Southeast corner of said section, in Township 17 South, Range 4 West, McPherson County, Kansas.
- to: one (1) surface water diversion located in the Southeast Quarter of the Northwest Quarter of the Southeast Quarter (SE¼ NW¼ SE¼) of Section 35, more particularly described as being near a point 1405 feet North and 1640 feet West of the Southeast corner of said section, in Township 17 South, Range 4 West, McPherson County, Kansas.

You are being notified of this proposed change in the point of diversion so that you may furnish this office such comments or other information you may desire to submit. Such comments or other information must be received in this office by **October 4, 2018**.

If you have any questions, please feel free to contact me at this office.

Sincerely,

Which Bil
