RE: Project Permit for Existing Sand and Gravel Operations, File Nos. 44,662 and 44,663

Dear Sir or Madam:

Your application for a Project Permit for Existing Sand and Gravel Operations has been examined, approved, and is being returned herewith for your records.

The approval of your application serves to convert your existing industrial use permits File Nos. 44,662 and 44,663 authorizing net evaporation, to a project permit. This project permit shall authorize net evaporation as the primary use, and hydraulic dredging and sand washing as secondary uses of water if such secondary uses are located within the same source of supply and are associated with the operation. Any secondary uses shall use water in a manner in which there is no significant net consumptive use.

If you have any questions, please contact our office. If you wish to discuss this specific file, please have the file number ready so that we may help you more efficiently.

Sincerely,

A handwritten signature in cursive script that reads "Doug Schemm".

# PROJECT PERMIT FOR EXISTING SAND AND GRAVEL OPERATIONS

State of Kansas

**STATUTORY FILING FEE MUST ACCOMPANY THIS APPLICATION**  
(Make check payable to the Kansas Department of Agriculture)

The purpose of this application is to implement K.S.A. 82a-734 relating to project permits for sand and gravel operations. This application is for **existing sand and gravel pits only, and only** if the sand and gravel pit is in a township where the average annual potential net evaporation is greater than 18 inches per year, as determined by the chief engineer. This will serve to **convert** your existing industrial use permit authorizing net evaporation to a project permit. This permit shall authorize net evaporation as the primary use, and hydraulic dredging and sand washing as secondary uses of water if such secondary uses are located within the same source of supply and are associated with the operation. Any secondary uses shall use water in a manner in which there is no significant net consumptive use. The permit shall not be subject to the installation of a water flow meter or administration of minimum desirable stream flow. Any application for a project permit shall be accompanied by a filing fee of **\$500.00**.

Current File Number: 44,662 and 44,663

1. Name of Applicant (Please Print): CORNEJO & SONS INC  
Address: 2060 E TULSA PO BOX 16204  
City: WICHITA State KS Zip Code 67216  
Telephone Number: (316) 655-3139 E-mail address: \_\_\_\_\_

2. Location of Point of Diversion (Geographic Center of Groundwater Pit):  
Section 7, Township 32 S, Range 3, EAST, COWLEY County, Kansas.  
Distance from Southeast Corner of Section:  
4100 feet North,  
1700 feet West of the Southeast Corner.

RECEIVED

JAN 31 2018

Topeka Field Office  
DIVISION OF WATER RESOURCES

3. Outline on an aerial photograph or topographical map the current and FINAL outline of the sand and gravel pit, and indicate the proposed final size of the pit in acres. 88 acres.

As noted above, hydraulic dredging and sand washing are considered secondary uses of water at this site, and will be permitted under this project permit. Separate permits for these specific uses are no longer required, and any current term permits for these uses shall be dismissed in conjunction with approval of this project permit. Therefore, this application for project permit will serve as your voluntary request to dismiss **N/A - No active term permits**

You must inform the Chief Engineer prior to modifying any current secondary uses, or commence new secondary uses under the authority of this project permit. Any request for modification of this project permit shall be accompanied by a fee of \$250, and must include sufficient information to adequately determine the extent of your modification.

The undersigned states that the information set forth above is true to the best of his/her knowledge, that this application is submitted in good faith, and acknowledges the voluntary dismissal of current secondary use term permits.

Dated at Wichita, Kansas, this 26<sup>th</sup> day of January, 2018.
