Re: Water Right, File Nos. 22,700 & 46,122

Dear Madam:

Enclosed are the orders executed by David W. Barfield, Chief Engineer, Division of Water Resources, Kansas Department of Agriculture, approving the applications for change under the above referenced file numbers.

Your attention is directed to the terms, conditions, and limitations specified in these approvals for change. A condition of these orders requires the installation of a water flow meter(s) before the first use of water in accordance with the Chief Engineer's specifications found in K.A.R. 5-1-4 through K.A.R. 5-1-12. A copy of these specifications and a list of acceptable meters can be obtained from our website at the following web address:

<http://agriculture.ks.gov/meters>

If you do not have access to the internet, please contact this office and we will send you a paper copy of the referenced information.

Because these orders modify the original certificates issued under your water right files, they should be recorded with the Register of Deeds as other instruments affecting real estate.

**These documents are summary orders by this agency regarding this matter.** These orders shall become final if a request for a hearing is not filed with the Chief Engineer within 15 days of the date of service of these orders.

If you have any questions, please feel free to contact this office. If you wish to refer to a specific file, please reference it when you contact us.

Sincerely,

Katherine A. Tietsort  
Water Commissioner
