Minimum Desirable Streamflow

Dear Sir:

I understand that a Minimum Desirable Streamflow requirement has been established by the legislature for the source of supply to which the above referenced application applies.

I understand that diversion of water pursuant to this application will be subject to regulation any time Minimum Desirable Streamflow requirements are not being met.

I also understand that if this application is approved, there could be times, as determined by the Division of Water Resources, when I would not be allowed to divert water. I realize that this could affect the economics of my decision to appropriate water.

I am aware of the above factors, and with the knowledge thereof, request that the Division of Water Resources proceed with processing and approval, if possible, of the above referenced application.

Christopher R. Brown MBR Shayla Brown MBR

	Water Resource	٤
File No	Received	
n meet new de f	DEC 0.4.2019	

o.	The location of the proposed wells, pump sites of other works for diversion of water is: KS Dept Of Agriculture
٠	Note: For the application to be accepted, the point of diversion location must be described to at least a 10 acre tract, unless you specifically request a 60 day period of time in which to locate the site within a specifically described, minimal legal quarter section of land.
]	(A) One in the <u>SE</u> quarter of the <u>SW</u> quarter of the <u>NW</u> quarter of Section <u>31</u> , more particularly described as
	being near a point 3028 feet North and 4260 feet West of the Southeast corner of said section, in Township
	19 South, Range 13 East, Lyon County, Kansas.
	(B) One in the quarter of the quarter of the quarter of Section, more particularly
	described as being near a point feet North and feet West of the Southeast corner of said
	section, in TownshipSouth, Range East/West (circle one), County, Kansas.
	(C) One in the quarter of the quarter of the quarter of Section, more particularly
	described as being near a point feet North and feet West of the Southeast corner of said
	section, in TownshipSouth, Range East/West (circle one), County, Kansas.
	(D) One in the quarter of the quarter of the quarter of Section, more particularly
•	described as being near a point feet North and feet West of the Southeast corner of said
	section, in TownshipSouth, Range East/West (circle one), County, Kansas,
	If the source of supply is groundwater, a separate application shall be filed for each proposed well or battery of wells, except that a single application may include up to four wells within a circle with a quarter (¼) mile radius in the same local source of supply which do not exceed a maximum diversion rate of 20 gallons per minute per well.
	A battery of wells is defined as two or more wells connected to a common pump by a manifold; or not more than four wells in the same local source of supply within a 300 foot radius circle which are being operated by pumps not to exceed a total maximum diversion rate of 800 gallons per minute and which supply water to a common distribution system.
6.	The owner of the point of diversion, if other than the applicant is (please print): Chustopher Brown MBR Christopher Brown MBR (name, address and telephone number)
	(name, address and telephone number) Should Brown MBR (name, address and telephone number)
	You must provide evidence of legal access to, or control of, the point of diversion from the landowner or the landowner's authorized representative. Provide a copy of a recorded deed, lease, easement or other document with this application. In lieu thereof, you may sign the following sworn statement:
	I have legal access to, or control of, the point of diversion described in this application from the landowner or the landowner's authorized representative. I declare under penalty of perjury that the foregoing is true and correct.
	Executed on November 23, 2019. Chutaghen Brown MBR Applicant's Signature
	The applicant must provide the required information or signature irrespective of whether they are the landowner. Failure to complete this portion of the application will cause it to be unacceptable for filing and the application will be returned to the applicant.
7.	The proposed project for diversion of water will consist of one pumpsite (number of wells, pumps or dams, etc.)
	and (was)(will be) completed (by)
8.	The first actual application of water for the proposed beneficial use was or is estimated to be (Mo/Day/Year)

1/6/2020 KJN

9.	Will pesticide, fertilizer, or other foreign substance be injected into the water pumped from the diversion wo	rks?
	☐ Yes ☑ No If "yes", a check valve shall be required.	
	All chemigation safety requirements must be met including a chemigation permit and reporting requirement	nts.
10.	If you are planning to impound water, please contact the Division of Water Resources for assistance, prices of the application. Please attach a reservoir area capacity table and inform us of the total acressurface drainage area above the reservoir.	or to s of
	Have you also made an application for a permit for construction of this dam and reservoir with the Division Water Resources? ☐ Yes ☐ No	n of
	If yes, show the Water Structures permit number hereLLY - 0055*	
	If no, explain here why a Water Structures permit is not required	-
11.	The application <u>must</u> be supplemented by a U.S.G.S. topographic map, aerial photograph or a detailed showing the following information. On the topographic map, aerial photograph, or plat, identify the center of section, the section lines or the section corners and show the appropriate section, township and range numbers are section.	the
	Also, please show the following information:	
	(a) The location of the proposed point(s) of diversion (wells, stream-bank installations, dams, or other diver works) should be plotted as described in Paragraph No. 5 of the application, showing the North-So distance and the East-West distance from a section line or southeast corner of section.	sion outh
:	(b) If the application is for groundwater, please show the location of any existing water wells of any kind with mile of the proposed well or wells. Identify each existing well as to its use and furnish the name and ma address of the property owner or owners. If there are no wells within ½ mile, please advise us.	in ½ iling
	(c) If the application is for surface water, the names and addresses of the landowner(s) ½ mile downstream ½ mile upstream from your property lines must be shown.	and
	(d) The location of the proposed place of use should be shown by crosshatching on the topographic map, a photograph or plat.	erial
	(e) Show the location of the pipelines, canals, reservoirs or other facilities for conveying water from the poil diversion to the place of use.	nt of
	A 7.5 minute U.S.G.S. topographic map may be obtained by providing the section, township and random numbers to: Kansas Geological Survey, 1930 Constant, Campus West, University of Kansas, Lawre Kansas 66047.	nge nce,
12.	List any application, appropriation of water, water right, or vested right file number that covers the same diver points or any of the same place of use described in this application. Also list any other recent modifications made of existing permits or water rights in conjunction with the filing of this application.	sion ade

RE: Application, File No. 50320

Dear Sir or Madam:

The Division of Water Resources (Division) has received your application for a permit to appropriate water for beneficial use. Your application has been assigned the file number referenced above. Please be aware that the Division may have a large number of pending applications on hand at times and makes every attempt to process them in the order in which they are received. You will be contacted if additional information is required.

Please note, this letter only acknowledges receipt of your application and does not guarantee approval. In accordance with the provisions of the Kansas Water Appropriation Act, the use of water as proposed prior to approval of the application is unlawful.

Additional information about the process may be found on our website at <u>agriculture.ks.gov/divisions-programs/dwr</u>. If you have any other questions, please contact our office at 785-564-6640 or your local Stafford Field Office at 620-234-5311. If you call, please reference the file number so we can help you more efficiently.

Sincerely,

Kristen A. Baum
