Good afternoon,

We have received your application for a contamination remediation operation in the city of St. Marys today (3/9). There are a couple of things that need to be addressed before we start working on this application. First of all, the fee for this new term application is \$340 in total in which you have already paid \$100 so a balance of \$240 will need to be paid to the Kansas Department of Agriculture here in Manhattan. The second item is that a section on the application was signed, so I have attached the page and highlighted what needs to be signed. Could you please help these two items so I can begin working on this application? Thanks

RE: Application, File No. 20209033

Dear Applicant:

The Division of Water Resources (Division) has received your application for a Term permit to appropriate water for beneficial use. Your application has been assigned the file number referenced above. Please be aware that the Division may have a large number of pending applications on hand at times and makes every attempt to process them in the order in which they are received. You will be contacted if additional information is required.

Please note, this letter only acknowledges receipt of your application and does not guarantee approval. In accordance with the provisions of the Kansas Water Appropriation Act, the use of water as proposed prior to approval of the application is unlawful.

Additional information about the process may be found on our website at <u>agriculture.ks.gov/divisions-</u> <u>programs/dwr</u>. If you have any other questions, please contact our office at 785-564-6640 or your local Stafford Field Office at 620-234-5311. If you call, please reference the file number so we can help you more efficiently.

Sincerely,

ristendBaum
