Earl D. Lewis Gt., Office English

50715
File Number ____
This item to be completed by the Division of Water Resources.

APPLICATION FOR PERMIT TO APPROPRIATE WATER FOR BENEFICIAL USE

Filing Fee Must Accompany the Application (Please refer to Fee Schedule attached to this application form.)

To the Chief Engineer of the Division of Water Resources, Kansas Department of Agriculture, 1320 Research Park Drive, Manhattan, Kansas 66502:

	Address: PO BOX 668					
	City: MANHATTAN		State KS	Zip Code <u>66505-0668</u>		
	Telephone Number: (785) 776-8811				
2.	The source of water is:	☐ surface water in	7-1			
	OR	☐ groundwater in KANSAS RIVER (drainage basin)				
	Certain streams in Kansas have minimum target flows established by law or may be subject to administration when water is released from storage for use by water assurance district members. If your application is subject to these regulations on the date we receive your application, you will be sent the appropriate form to complete and return to the Division of Water Resources.					
3.	The maximum quantity of	water desired is 139	acre-feet OR	gallons per calendar year,		
	to be diverted at a maximum rate of 1200 gallons per minute OR cubic feet per second.					
	Once your application has been assigned a priority, the requested maximum rate of diversion and maximum requested quantity of water under that priority number can NOT be increased. Please be certain your requested maximum rate of diversion and maximum quantity of water are appropriate and reasonable for your proposed project and are in agreement with the Division of Water Resources' requirements.					
		I are in agreement with the	Division of Water Resou			
4.	your proposed project and	d are in agreement with the be appropriated for (Check us				
4.	your proposed project and	e appropriated for (Check us				
4.	your proposed project and The water is intended to b	e appropriated for (Check us	se intended):	rces' requirements.		
4.	your proposed project and The water is intended to b (a) □ Artificial Recharge	be appropriated for (Check us (b) 🛭 Irrigation	se intended): (c) Recreational	rces' requirements. (d) □ Water Power (h) □ Sediment Control		
4.	your proposed project and The water is intended to b (a) □ Artificial Recharge (e) □ Industrial	be appropriated for (Check us (b) ⊠ Irrigation (f) □ Municipal (j) □ Dewatering	se intended): (c)	rces' requirements. (d) □ Water Power (h) □ Sediment Control		

5.	The	location of the proposed wells, pump sites or other works for diversion of water is:					
	Note: For the application to be accepted, the point of diversion location must be described to at least a 10 acre tract, unless you specifically request a 60 day period of time in which to locate the site within a specifically described, minimal legal quarter section of land.						
	(A)	One in <u>LOT 2</u> quarter of the quarter of Section <u>31</u> , more particularly described as being					
		near a point 4771 feet North and 3523 feet West of the Southeast corner of said section, in Township					
		10 South, Range 8 EAST, RILEY County, Kansas.					
	(B)	One in the quarter of the quarter of the quarter of Section, more particularly					
		described as being near a point feet North and feet West of the Southeast corner of said					
		section, in Township South, Range East/West (circle one), County, Kansas.					
	(C)	One in the quarter of the quarter of the quarter of Section, more particularly					
		described as being near a point feet North and feet West of the Southeast corner of said					
		section, in Township South, Range East/West (circle one), County, Kansas.					
	If the source of supply is groundwater, a separate application shall be filed for each proposed well or batter of wells, except that a single application may include up to four wells within a circle with a quarter (1/4) mile radius in the same local source of supply which do not exceed a maximum diversion rate of 20 gallons per minute per well.						
	A battery of wells is defined as two or more wells connected to a common pump by a manifold; or no than four wells in the same local source of supply within a 300 foot radius circle which are being opera pumps not to exceed a total maximum diversion rate of 800 gallons per minute and which supply wat common distribution system.						
6.	The owner of the point of diversion, if other than the applicant is (please print): APPLICANT						
	AFF	(name, address and telephone number)					
		(name, address and telephone number)					
	You must provide evidence of legal access to, or control of, the point of diversion from the landowner or the landowner's authorized representative. Provide a copy of a recorded deed, lease, easement or other document with this application. In lieu thereof, you may sign the following sworn statement:						
	I have legal access to, or control of, the point of diversion described in this application from the landowner or the landowner's authorized representative. I declare under penalty of perjury that the foregoing is true and correct. Executed on February 3 , 2022 . Applicant's Signature						
	Tho	Applicant's Signature					
	land	applicant must provide the required information or signature irrespective of whether they are the owner. Failure to complete this portion of the application will cause it to be unacceptable for filing and application will be returned to the applicant.					
7.	The	proposed project for diversion of water will consist of ONE WELL					
	(number of wells, pumps or dams, etc.) and (was)(will be) completed (by) JUNE 2022						
8.	The	(Month/Day/Year - each was or will be completed) first actual application of water for the proposed beneficial use was or is estimated to be JUNE 2022 (Mo/Day/Year)					

File No.

9.		I pesticide, fertilizer, or other foreign substance be injected into the water pumped from the diversion rks?
	□ `	Yes ⊠ No If "yes", a check valve shall be required.
	All	chemigation safety requirements must be met including a chemigation permit and reporting requirements.
10.	sub	ou are planning to impound water, please contact the Division of Water Resources for assistance, prior to omitting the application. Please attach a reservoir area capacity table and inform us of the total acres of face drainage area above the reservoir.
		ve you also made an application for a permit for construction of this dam and reservoir with the Division of the Resources? \Box Yes \Box No
	•	If yes, show the Water Structures permit number here
	•	If no, explain here why a Water Structures permit is not required NOT APPLICABLE
11.	sho the	e application <u>must</u> be supplemented by a U.S.G.S. topographic map, aerial photograph or a detailed plat owing the following information. On the topographic map, aerial photograph, or plat, identify the center of section, the section lines or the section corners and show the appropriate section, township and range mbers. Also, please show the following information:
	(a)	The location of the proposed point(s) of diversion (wells, stream-bank installations, dams, or other diversion works) should be plotted as described in Paragraph No. 5 of the application, showing the North-South distance and the East-West distance from a section line or southeast corner of section.
	(b)	If the application is for groundwater, please show the location of any existing water wells of any kind within $\frac{1}{2}$ mile of the proposed well or wells. Identify each existing well as to its use and furnish the name and mailing address of the property owner or owners. If there are no wells within $\frac{1}{2}$ mile, please advise us.
	(c)	If the application is for surface water, the names and addresses of the landowner(s) $\frac{1}{2}$ mile downstream and $\frac{1}{2}$ mile upstream from your property lines must be shown.
	(d)	The location of the proposed place of use should be shown by crosshatching on the topographic map, aerial photograph or plat.
	(e)	Show the location of the pipelines, canals, reservoirs or other facilities for conveying water from the point of diversion to the place of use.
		A 7.5 minute U.S.G.S. topographic map may be obtained by providing the section, township and range numbers to: Kansas Geological Survey, 1930 Constant, Campus West, University of Kansas, Lawrence, Kansas 66047.
12.	dive	t any application, appropriation of water, water right, or vested right file number that covers the same ersion points or any of the same place of use described in this application. Also list any other recent difications made to existing permits or water rights in conjunction with the filing of this application.
	NO	NE .

File No. _____

13.	Furnish the following well information if the proposed appropriation is for the use of groundwater. If the well has not been completed, give information obtained from test holes, if available.						
	Information below is from:		☐ Well	as completed	☐ Driller	s log attached	
	Well location as shown in pa	aragraph	(A)	(B)	(C)	(D)	
	Date Drilled	_					
	Total depth of well	_					
	Depth to water bearing formation						
	Depth to static water level						
	Depth to bottom of pump intake pipe						
14. 15.	The relationship of the applicant to the proposed place where the water will be used is that of OWNER (owner, tenant, agent or otherwise) The owner(s) of the property where the water is used, if other than the applicant, is (please print):						
	(name, address and telephone number)						
		(name addr	oss and told	nhono numbor			
16.	(name, address and telephone number) The undersigned states that the information set forth above is true to the best of his/her knowledge and that this application is submitted in good faith.

RE:

Application, File No(s). 50715

Dear Sir or Madam:

The Division of Water Resources (Division) has received your application(s) for a permit to appropriate water for beneficial use. Your application(s) has been assigned the file number(s) referenced above. Please be aware that the Division may have a large number of pending applications on hand at times and makes every attempt to process them in the order in which they are received. You will be contacted if additional information is required.

Please note, this letter only acknowledges receipt of your application(s) and does not guarantee approval. In accordance with the provisions of the Kansas Water Appropriation Act, the use of water as proposed prior to approval of the application(s) is unlawful.

Additional information about the process may be found on our website at <u>agriculture.ks.gov/divisions-programs/dwr</u>. If you have any other questions, please contact our office at 785-564-6640 or your local Topeka Field Office at 785-296-5733. If you call, please reference the file number so we can help you more efficiently.

Sincerely,

Kris Neuhauser
