Subject: **Water Right Application Package**

Good morning Taylor. I finally scrapped out enough time to get this finished up for you. There are a couple of items on the application that need to be completed. Review it and complete those items please. Also, as you can see on the application that a flood plain fill permit may be needed. I've included Chris Warren on this e-mail to assist with that.

I tried to find nearby land owners but could not find the information. We have to notify landowners ½ mile upstream and ½ mile downstream of the north and south boundaries of your property. If you could provide the names and addresses of those that would be helpful.

Once you have the application completed and signed, you can e-mail it, along with the other two attachments in this e-mail, to KDA.WaterRights@ks.gov and list your contact information and someone will call you for payment of the application fees or you can print this package off and mail it, along with a check for \$200 made payable to the Kansas Dept. of Agriculture, to the Manhattan address on the first page.
