

APPLICATION FOR A PERMIT TO CONSTRUCT A WELL

IN THE LOWER REPUBLICAN NATURAL RESOURCES DISTRICT

NOTICE: The Lower Republican Natural Resources District (LRNRD) has been designated as "fully appropriated." The LRNRD is also subject to the Republican River Compact. The LRNRD may impose future controls and/or restrictions on the development and use of ground water to ensure compliance with the Ground Water Management and Protections Act and the Republican River Compact. Such controls and/or restrictions may be imposed regardless of the date on which this permit was granted.

1. NAME: Blaine Dak Granite View  
ADDRESS: 221 S. Kansas Ave  
Orleans NE  
PHONE: 991-4148

DNR & NRD USE ONLY  
PERMIT NO.: LR 08 208  
REGISTRATION NO.: \_\_\_\_\_

2. PURPOSE OF WELL (Indicate One):  Irrigation  Livestock (>50 gpm)  Public Water Supply  Other  
 Industrial  Dewatering (over 90 days)  Aquaculture

3. IDENTIFY THE LOCATION OF THE PROPOSED WELL:

Harlan County, Township 1 North,  
Range, 20 West, Section 1

The box at the right represents one square mile, (section).  
Indicate with an "X" the proposed location of the well.  
Outline the proposed water use area, if water is to be used  
outside the above written legal description, give legal  
description of water use area.

Township 7 North, Range 20 West, Section 1

4. NEW IRRIGATION WELLS:  
How many acres will be irrigated? 280  
Flow meter will be used on proposed well.  
Type of irrigation system:  Center Pivot  Gravity  Other (specify) \_\_\_\_\_  
Will system be  Electric  Fuel Powered?  
Will the Well be used in a system with other wells?  YES  NO If yes, how many? 3 all together  
Will fertilizer, chemicals or animal waste be applied through the system?  YES  NO

5. REPLACEMENT AND ABANDONMENT WELL INFORMATION:

How many acres will be irrigated? 280  
A. Is this a replacement well?  YES  NO  
B. Registration number of well to be replaced: G-118430  
C. Well to be replaced was last operated Aug, 20 07  
D. Replacement well is 20-30 feet from original well. (can not exceed 1,320 feet)  
E. Completion of original well decommissioning on \_\_\_\_\_, 20\_\_\_\_\_  
F. New well will provide water only to land historically irrigated by the well being replaced, and shall not be used to irrigate any additional acres.

6. SPECIFICATIONS OF INTENDED WELL AND PUMP:

Approximate date when construction will begin: 4/29, 20 08  
Pump column diameter: 3 inches. Estimated total well depth \_\_\_\_\_ feet.  
Estimated pumping capacity: 450 gallons per minute. Well casing diameter: 16 inches.  
Please attach test hole log, if available.  
Name of Well Driller: Sargent - Holdrege

7. I certify that I am familiar with the information contained in the application and its' restrictions, rules and regulations, and that to the best of my knowledge and belief such information is true, complete and accurate.

*Handwritten notes:*  
PR/5-2-08  
\$50.00  
ck # 2434  
PR/5-2008  
Permit  
cc # 23623

This form must be completed in full and be accompanied by a non-refundable \$50.00 fee (payable to the Lower Republican Natural Resources District, PO Box 618, Alma, NE 68920)

Date: 5-2-08 Signature: Blaine N. Dak  
Date Approved: 5-5-08 NRD Representative: Michael Clements

SEE OTHER SIDE FOR IMPORTANT PERMIT RESTRICTIONS, RULES AND REGULATIONS

This form must be completed in full and be accompanied by a non-refundable \$50.00 filing fee (payable to the Lower Republican Natural Resources District). Forward this application and filing fee to:

**Lower Republican Natural Resources District**  
**PO Box 618**  
**Alma, NE 68920**  
**Phone: 308-928-2182 or 800-353-1297**

Please take the time and fill out the information correctly. An incomplete or defective application will be returned by the District, with 60 days being allowed for resubmission. All permits shall be issued by the District with conditions attached or denied not later than 30 days after receipt of a complete and properly prepared application.

### **PERMIT RESTRICTIONS**

1. Well permits are required prior to construction or a late fee of \$250.00 will be assessed.
2. Permits are not required for test holes, temporary dewatering wells (less than 90 days), or wells designed to pump 50 gallons per minute or less.
3. If the well is not constructed within a one year period from the date of approval, a new permit is needed.
4. The well authorized by this permit may not be constructed closer than 600 feet from an existing well having a capacity of 51 gallons per minute or more, unless both the new and existing wells are owned by the same individual.
5. According to State law 46-637, water wells may not be drilled within 50 feet of a stream bank without first getting a surface water right for the stream from the Department of Natural Resources.
6. Replacement wells do need a permit from the Lower Republican NRD. A replacement well must be constructed within one thousand three hundred and twenty (1,320) feet from the well that it is replacing. A replacement well is one which replaces an abandoned water well that has been operated within the last three years and is constructed to water the same acres of land as the abandoned water well. If the well is being replaced, it must be properly abandoned according to state guidelines. A copy of these guidelines is available from the Lower Republican Natural Resources District.
7. All new or replacement water wells constructed in the District are required to be sampled for nitrates upon completion.
  - A. Municipalities which develop a new public water well shall submit a copy of the well's initial water quality test results to the District within 30 days of receipt of such results from the Department of Health.
  - B. The sample for all non-municipal wells shall be collected by the owner, operator, or farm manager no sooner than 30 days, nor later than 60 days, after activation of the well.
8. The Lower Republican Natural Resources District encourages that all new non-domestic water wells designed to pump 51 gallons per minute or more be constructed with adequate free space in the pump discharge to accommodate a flow measurement device.
9. Any person who commences or causes construction of such a well for which the required permit has not been obtained, or who knowingly furnishes false information regarding such permit, shall be guilty of a Class IV misdemeanor. {46-602-01}.
10. This permit does not register the well with the Department of Natural Resources. All wells are required to be registered with the Nebraska Department of Natural Resources within 60 days after the well is completed. If possible, mark with a flag the well site in the field.
