Manager
Central Platte NRD
215 North Kaufmann Avenue
Grand Island, NE 68803-4915

Dear Mr. Bishop

I want to take this opportunity to update you on actions I am taking within the Department that will allow us to place a greater emphasis on the integrated management planning process. These actions involve adjusting our organization to form an Integrated Water Management Division, which will have full responsibility for working with the Natural Resources Districts on completion and implementation of the Integrated Management Plans. The Integrated Water Management Division will bring together technical, planning, and interstate stream programs staff. This Division will also continue to work with other agency staff as needed to provide the highest level of service.

I appreciate all of the work that has been done or will be done by you, your Board, and the stakeholders in the area of integrated water management and believe the actions that I am taking will enhance the integrated management planning process.

Sincerely,

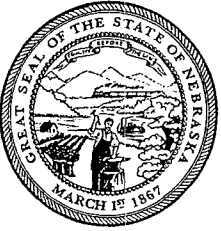

Brian P. Dunnigan, P.E.
