

Steve Smith - Request for info. public info

all excel-spread sheets re. Rip. basin modeling calculations
newspapers backing him -

what to give: "Public" = R.R.ist Compost Admin has OK'd
not approved anything -

why

to prove
to what???

"even if we turned off all wells - not in compliance"

Me - review CD from Nike & Paul

Re Debat did they have not send
A.G. has to be involved ???

ask A.D. - not according to
Corne's letter.

~~cost copy~~

What is included that might be privileged per
R.R. lawsuit re. opening.

if Public = approved by the Compost Admin,
and they've not approved anything - judgment call
on its relevance of privilege

Subject: Open Records Request

Ann

As I have not received a reply to my last email of October 12, I will make the following official request.

Please provide WaterClaim an electronic copy of the Excel worksheets that the DNR currently has that are related to the Republican River.

This request is dated 10-26-2005

Steve Smith, Director
WaterClaim
PO Box 698
Imperial, NE 69033
308 882 3020
www.waterclaim.org

5/3/2006

DNR 007446

electronic v

1-1-05 to 3-06 - consolidated -
+ duplicates were eliminated (^{processing} serial # ID, shared -)
but could not know of blind copies

(prior to 1-1-05 - several sets of records, CD's, tapes
there may be gaps - bc. rotation of tapes, several
outages could destroy some - for a period only
copied out bound messages; 8-04 had
problems ⊕ and some failure to backup during
fixing period.

1-1-05 to 3-14-06 all emails were sorted -
selected for R.R. application - all that was turned
over to AG already

if info ~~from~~ is desired prior to 1-1-05 -
will take sorting - 1 1/2 staff for couple weeks
for complete audit

we charge the cost

cost for e-mail record search - if backups all arrived -

are we ok eliminating duplicate e-mails?
Storage; save sorting time

I.T. wants to have one file of record

State Records.

124-5. Non Record Material?
