Ron,

FYI: Lee Orton's response to the Memorandum of Agreement.

Amber

**Subject:** Re: Memorandum of Agreement

Thank you for the MOA draft. I have no idea what became of your earlier effort; but my email files do not contain any sign of a delivery.

Since I received a call from Ron Theis, I presume that the actual contact for further discussion on legal issues involving this effort are with Ron; but I will respond initially to you and trust that you will forward it to the appropriate persons.

I have reviewed the draft and recommend a change to paragraph IIIC to read as follows:

By execution of this Agreement, the District represents and affirms that, in accordance with all relevant state statutes and District procedures, the District has complied with all requirements necessary to allow it to enter into this agreement and perform all actions herein required.

Please forward this suggestion to the proper person and ask them to be in contact with me at their earliest convenience.

LEE ORTON

**Subject:** Memorandum of Agreement

Mr. Orton,

Attached is a PDF of the Memorandum of Agreement between Bostwick Irrigation District and State of Nebraska, Dept. of Natural Resources. Please let me know if you have any trouble viewing the document.

Thanks,

Amber Woods-Rodgers
