Talked to NRD. Thought NRD might
make exception.

Called Sen. Connelly (Matt Conneally)

LENRD

Ron Bopp 402-654-3425 (cell = 720-5633)

80 actual / 160 in well regis. form

up to NRD - they'd need
to certify.

[Sentence in letter -
causes questions.]

Encouraged him to call NRD.

LENRD ABion.

Re: well used
by 10/1??
Don't know - up
to NRD.

- 1) Will it be F/A?
- 2) New system grandfathered?

Biese - LUNRP -

⊗ Doesn't have well

Blind-sided -

→ 30-40-50K hit so far.

⊗ Landlady - 99 yr. old - in Chicago.

Lack of notice & notification

Form of dry land storage → Reputable Co.
manager not aware of

→ GW levels haven't dried in 40 yrs.

⊗ wishes there would have been notification regard
⇒ Don't know if could be attached on that basis:

⊗ NRP said risk to drill ~~well~~ well now.
Will recommend based on NRP ngr. content
