Ag 41 5-16-97 Can it be done practically  
is there anyway to protect the amount of water ID'd by  
model -

any streamflow result of regulation for Compact compliance  
shall not be consumptively used by any Neb. sw users?

Justin: Why is the NRD worried about, sw <sup>setting a</sup> maximum in the IM?

Can DNR regulate sw in order to comply w/ the Compact  
and alluvial wells per Justin [Hindulide]

Jasper agreed that

late Wed aftn Dan Smith returned AB's  
call they discussed "compliance plan" being  
used by URNRD set up mtg

7pm Wed. Jasper: Joel Scheathopf Paul \_\_\_\_\_ is what  
we are proposing legal? meeting in Kearney  
at 10 ~~pm~~ am face to face w/ attys

Justin is nervous [probly about regulating SW] he  
wants a memo that clearly ties the compliance  
plan concept is soundly grounded in the  
allocation from compact + isn't out & cap

agreed on wording charges
