IN REPLY REFER TO:

Governor

Roger Kolbert  
Board President  
H&RW Irrigation District  
P.O. Box 297  
Culbertson, NE 69024

Dear Mr. Kolbert:

Attached are two copies of a Memorandum of Agreement between the Nebraska Department of Natural Resources and the H&RW Irrigation District for drought assistance for increased reservoir storage. I believe this is in line with my earlier discussion with the District. If you find terms of the agreement acceptable, please sign both copies and return one to this office. We will then make arrangements to provide funding in the amounts noted. If you have comments or suggested changes, please contact Steve Gaul of our staff at (402) 471-3955 or at [sgaul@dnr.state.ne.us](mailto:sgaul@dnr.state.ne.us).

Sincerely,

Roger K. Patterson  
Director
