SUBJECT: Republican Valley Alluvium Mapping

Bob, last year our staff geologist Kevin Schwartman went through well logs to help better delineate the Republican Valley Alluvium. I have enclosed a paper version of his results and a disc with Arc Map / Arc View maps. I am also sending some mapping product in a separate tube. I believe you talked with Mike Thompson about these yesterday. I'm sorry, I meant to get these to you several weeks ago. Best wishes for your work and I hope some of this information proves helpful.
