Subject: Authorization to Use GSA Contract Pricing

Dear Ms. Houldsworth:

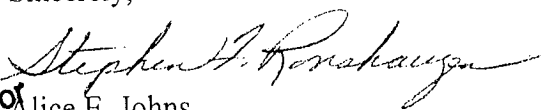

The Bureau of Reclamation requests that GSA pricing be made available to the Nebraska Department of Natural Resources, 301 Centennial Mall South, Lincoln, NE 68509-4676, Telephone: 402-471-2363, Contact: Guy Lindeman.

In 2004, Nebraska requested and was approved for drought assistance under the Reclamation States Drought Relief Act of 1991. Reclamation has a cooperative agreement with the Nebraska Department of Natural Resources (Nebraska DNR) to increase the remote monitoring capabilities on existing stream gaging sites in the Republican River Basin. The Nebraska DNR will be purchasing remote monitoring equipment and required accessories under Cooperative Agreement No. 03-FC-60-1826, which is a cost-reimbursable contract which meets the requirement stated in 48 CFR 51.1.

The period of this authorization shall coincide with the period covered under Agreement No. 03-FC-60-1826, currently set to expire December 31, 2005. This Agreement may be extended in order to best utilize the funds available. Extensions of this Agreement will also extend the period of this authorization. Modifications to the Agreement will be forwarded to your office upon request.

If you have any questions or need additional information, please contact Jack Wergin at 308-389-4622, extension 209.

Sincerely,

Acting For Alice E. Johns
Area Manager
