Subject: Re: Fw: Task Orders #7 and #8

Steve,

Kyle forwarded me this message regarding the Task Orders #7 and #8, asking that I update you where things are at. Currently, Task #7 has made it though UNL's system. I contacted our Sponsored Programs Office and evidently, that had forgotten to forward a signed copy of the agreement to you. They are doing so today, so hopefully, you will get it in the next couple of days.

As you will remember, I called you regarding Task Order #8. Since the signed agreement indicated a completion date of the project was December 2005 and it was received in the Water Center on June 29, 2006, there was no way we could process it in time to be able to expend the funds on Dr. Martin's salary, because it had crossed UNL's fiscal years. UNL's Sponsored Programs Office would expect the funds to be expended based on the dates in the agreement. At that time I inquired about extending the date of the agreement in order to access the funds, but you indicated that you did not feel comfortable going to DNR's lawyers to extend the date. If you see an alternative for UNL/Water Center to utilize these funds based on the original Task Order, please let me know.

Thanks,

Carol A. Cartwright

Please respond to <sgaul@dnr.ne.gov>

Kyle –

In late June I sent for your review and signature copies of Task Order #7 and Task Order #8 for our Service Agreement that had been signed by Ann. Do you know the current status on these and is there anything further we need to do in that regard? Thanks for any help you can give.

Steve
