SUBJECT:

Semi-Annual Report and Request for Reimbursement on Agreement

No. 03FC601826 for Improved Hydrologic Data Collection Systems for Drought

Monitoring

Attached is a semi-annual report and an official request for reimbursement on Agreement No. 03FC601826 for Improved Hydrologic Data Collection Systems for Drought Monitoring. The request is contained on a Form SF 270. I have also enclosed separate sheets providing expenditures to date on the agreement and billings by billing category. Finally, I have included the invoices or other evidence of payment for each of our expenditures. Our expenditures by category for the period of June 16 to September 16 were:

| Improved Distribution of Streamflow Information via the Internet | \$2,932.29  |
|------------------------------------------------------------------|-------------|
| Upgrade Gaging Equipment in Republican Basin                     | \$2,086.78  |
| Meter Cost-Share for South Platte NRD                            | \$25,187.98 |
| Update Drought Mitigation Plan                                   | \$11,511.00 |
| Assistance for Republican Irrigation Districts                   | \$31,800.00 |
| TOTAL                                                            | \$73,518.05 |

Expenditures to Date on Agreement 03 FC 601826 Improved Hydrologic Data Collection Systems for Drought Monitoring 9/26/05

|                                                                                                                                                            | Spent<br>This | Spent<br>To  | ,<br>,       | -         |

# Semi-Annual Program Performance Agreement 03FC601826 Improved Hydrologic Data Collection Sytems for Drought Monitoring September 27, 2004

A) Comparison of Actual Accomplishments with Goals and Objectives

### Assistance for Republican Irrigation Districts

This category is for funds granted in calendar year 2005. As of the time of this report NDNR has received billing and is paying \$18,000 for H and RW Irrigation District and \$13,700 for Frenchman Valley Irrigation District. Frenchman Cambridge Irrigation District and Nebraska Bostwick Irrigation District have not yet returned signed subcontracts or billings but they are expected soon.

#### Improved Distribution of Streamflow Information via the Internet

a) Upgrade six Big Blue, Two Platte, six Ord, and four Norfolk gages to DCPs.

This activity was completed during the reporting period and the full budget was expended:

b) Purchase DCS processing tool kit

Work on this item was completed prior to this six month period.

c) Hydrological Data Manager Administrative Package

This item was completed prior to this six month period

d) Server to house hydro manager software and data

This item was completed prior to this six month period

e) Consulting contract on web page upgrade and data collection

Work has not been initiated on this item. This is due to two factors: 1) Difficulties in adoption of the WISKI water data manager software program earlier purchased through drought funds and 2) In house work that has occurred on web application development. In combination these mean that a strong need has developed for software training while we have largely been able to address web questions within house staff. The decision is to be made in the next few weeks on whether to stay with the WISKI program. However, at this time is appears possible or likely that we will stay with the program but hope to spend the funds with permission in this category for specialized training on the WISKI water data manager software. Without that software, the work already done in-house or web development for WISKI would probably be mostly wasted.

### Equip DNR with Flow Measurement Equipment

# a) Two ultrasonic flow meters

The order has been placed on these flow meters and we have received an invoice, however, we have not received the flow meters. Therefore, there is no billing included with this document. This has become a very frustrating situation for our agency as the order was placed last spring and the supplier keeps telling us they are about to be shipped. We will hopefully be receiving the flow meters and billing this in the near future.

b) One dopler meter for the Lincoln Field Office

This item was completed prior to this six month period

c) Three Aqua Cales

This item was completed prior to this six month period.

# Upgrade Gaging Equipment in the Republican Basin

a) Five satellite links

This item was completed prior to this six month period.

b) Walking Bridge at Cambridge and ladder at Medicine Creek

This item was completed during the reporting period. A total of \$2,086.78 was spent during the period. Total expenditures on these items cam to \$2,372.20 out of \$3,500 budgeted.

#### Meter Cost Share for the South Platte NRD

A total of \$25,187.98 was expended on this item in this period for which 44 meters were installed. This brings total expenditures on this item to \$72,403.78 out of a budgeted \$100,000. The District has received commitments to install meters which would utilize all of the \$100,000. However, there has not yet been time to have all of those meters installed or billed.

# On-Site Computer Capabilities for Surface Water Distribution

Work on this item was completed prior to this six month period.

#### Place a New Gage on the South Platte River near Paxton

Work on this item has been completed.

## Update Drought Mitigation Plan

A total of \$11,511.00 was billed during this period. The subcontractor this item extends to January 31, 2006 and a product should be available at that time.

# B. Where Project Output Can Be quantified. A compilation of the Cost Per unit of Output

This project does not have a cost per unit of output per SE. A number of items were completed at a cost less than originally budgeted.

| Completed But Underspent                       | Amount Left     |
|------------------------------------------------|-----------------|
| Walking Bridge Cambridge/Ladder Medicine Creek | \$ 1,127.80     |

This space for agency use

been previously requested.

Public reporting burden for this collection of information is estimated to average 60 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Office of Management and Budget, Paperwork Reduction Project (0348-0004), Washington, DC 20503.

PLEASE DO NOT RETURN YOUR COMPLETED FORM TO THE OFFICE OF MANAGEMENT AND BUDGET. SEND IT TO THE ADDRESS PROVIDED BY THE SPONSORING AGENCY.

#### INSTRUCTIONS

Please type or print legibly. Items 1, 3, 5, 9, 10, 11e, 11f, 11g, 11i, 12 and 13 are self-explanatory; specific instructions for other items are as follows:

ltem

Entry

- 2 Indicate whether request is prepared on cash or accrued expenditure basis. All requests for advances shall be prepared on a cash basis.
- 4 Enter the Federal grant number, or other identifying number assigned by the Federal sponsoring agency. If the advance or reimbursement is for more than one grant or other agreement, insert N/A; then, show the aggregate amounts. On a separate sheet, list each grant or agreement number and the Federal share of outlays made against the grant or agreement.
- 6 Enter the employer identification number assigned by the U.S. Internal Revenue Service, or the FICE (institution) code if requested by the Federal agency.
- 7 This space is reserved for an account number or other identifying number that may be assigned by the recipient.
- 8 Enter the month, day, and year for the beginning and ending of the period covered in this request. If the request is for an advance or for both an advance and reimbursement, show the period that the advance will cover. If the request is for reimbursement, show the period for which the reimbursement is requested.
- Note: The Federal sponsoring agencies have the option of requiring recipients to complete items 11 or 12, but not both. Item 12 should be used when only a minimum amount of information is needed to make an advance and outlay information contained in item 11 can be obtained in a timely manner from other reports.
  - 11 The purpose of the vertical columns (a), (b), and (c) is to provide space for separate cost breakdowns when a project has been planned and budgeted by program, function, or

Entry Item

> activity. If additional columns are needed, use as many additional forms as needed and indicate page number in space provided in upper right; however, the summary totals of all programs, functions, or activities should be shown in the "total" column on the first page.

- 11a Enter in "as of date," the month, day, and year of the ending of the accounting period to which this amount applies. Enter program outlays to date (net of refunds, rebates, and discounts), in the appropriate columns. For requests prepared on a cash basis, outlays are the sum of actual cash disbursements for goods and services, the amount of indirect expenses charged, the value of inkind contributions applied, and the amount of cash advances and payments made to subcontractors and subrecipients. For requests prepared on an accrued expenditure basis, outlays are the sum of the actual cash disbursements, the amount of indirect expenses incurred, and the net increase (or decrease) in the amounts owed by the recipient for goods and other property received and for services performed by employees, contracts, subgrantees and other payees.
- 11b Enter the cumulative cash income received to date, if requests are prepared on a cash basis. For requests prepared on an accrued expenditure basis, enter the cumulative income earned to date. Under either basis, enter only the amount applicable to program income that was required to be used for the project or program by the terms of the grant or other agreement.
- 11d Only when making requests for advance payments, enter the total estimated amount of cash outlays that will be made during the period covered by the advance.
- 13 Complete the certification before submitting this request.

DEPARTMENT OF NATURAL RESOURCES

Ms. Ann Bleed, Interim Director Nebraska Dept. of Natural Resources 301 Centennial Mall South PO Box 94676 Lincoln, NE 68509-4676

Dear Ms. Bleed:

The H. & R.W. Irrigation District has signed and submitted to your department the Memorandum of Agreement for Drought Assistance for Increased Reservoir Storage.

The District is fulfilling the duties and obligations set forth in said Memorandum of Agreement for the 2005 irrigation season and, therefore, requests payment of the funds as per the agreement.

Respectfully,

Don Felker, Manager

Don Fell

H. & R.W. Irrigation District

# Memorandum of Agreement between the H&RW Irrigation District and the Nebraska Department of Natural Resources for Drought Assistance for Increased Reservoir Storage

WHEREAS, drought induced low reservoir levels in Enders Reservoir threaten a variety of uses, including irrigation, fish, wildlife, and recreation; and

WHEREAS, leaving additional storage water in that reservoir during the 2005 irrigation season would help sustain in-reservoir uses as well as provide additional water for the next irrigation season; and

WHEREAS, the Bureau of Reclamation (Reclamation) has approved the State of Nebraska for drought assistance in 2005 by authority of the Reclamation States Emergency Drought Relief Act of 1991;

WHEREAS, Reclamation has approved drought funding assistance to the Nebraska Department of Natural Resources through Cooperative Agreement No. 03FC601826 ("Cooperative Agreement")(a copy of which is attached hereto as Exhibit A) for a project that will result in additional storage water in drought affected reservoirs in the Republican Basin;

NOW THEREFORE, the parties agree as follows:

- 1) The District agrees to:
  - a) not call for 2005 irrigation season storage releases from Enders Reservoir when the lake drops below elevation 3087.90 (12,808 acre feet)
- 2) The Department of Natural Resources agrees to:
  - a) provide financial assistance, which financial assistance shall consist solely of monies received by the Department as 2005 Reclamation Drought Assistance funding ("Federal Funding"), to the District for leaving irrigation supplies in the reservoirs in the amounts specified in Section 1) of this Agreement as follows:
    - For H&RW Irrigation District Operations from Enders Reservoir: that payment for the 2005 irrigation season (leaving the required

amount of storage in the reservoir during the 2005 irrigation season through September 30, 2005) will be \$18,100.

- b) provide payment of the Federal Funding within 60 days of the signature of this Agreement, provided that such Federal Funding has been received by the Department from Reclamation within such time period.
- In the event that inflows exceed estimates, both parties agree that releases of storage water may be made for the benefit of the District, provided, the lake levels remain at or above the levels noted above. Should evaporation or other factors not caused by the District later lower the lake levels noted above, the eligibility of the District for compensation shall not be affected.
- 4) In the event that inflows do not meet estimates and the lake levels do not reach the levels noted above, the level of assistance provided to the District will not be reduced.
- 5) The District and the Department agree as follows:
  - a) to the extent the Department does not receive the Federal Funding, or such funding is disallowed, the Department shall not be obligated to provide the financial assistance referenced in Section 2)a) of this Agreement. The Department's obligation under this agreement is contingent upon the receipt of the Federal Funding from Reclamation from which payment for agreement purposes can be made. No legal liability on the part of the Department for any payment may arise until the Federal Funds are made available to the Department. In the event the Federal Funding is disallowed after the financial assistance referred to in Section 2)a) has been provided to the District, the District agrees to return such funds to the Department.
  - b) the District, on receipt of the financial assistance contemplated by this Agreement, shall be a subrecipient pursuant to the Cooperative Agreement, and agrees to be bound by all of the provisions of the Cooperative Agreement applicable to subrecipients.
- The District shall indemnify and hold the Department harmless from any and all losses, damages, or liability on account of personal injury, death, or property damage, or claims for personal injury, death, or property damage of any nature whatsoever and by whomsoever made, arising out of activities of the District, its employees or agents under this Agreement.
- 7) This agreement may be modified at any time by mutual agreement of the parties.

- 8) <u>Prevailing Law</u>. This Agreement is governed by the laws of the State of Nebraska including the State Contract Claims Act. (Neb. Rev. Stat. Sections 81-8,302 through 81-8,306.
- 9) <u>Drug Free Work Place Policy.</u> The District certifies that it maintains a drug free work place environment to ensure workers safety and workplace integrity. The District agrees to provide a copy of its drug free workplace policy at any time upon request by the Department.
- 10) <u>Technology Access.</u> The District agrees to ensure compliance with Nebraska Technology Access Standards. See website at: http://www.nitc.state.ne.us/standards/accessibility/
- 11) <u>Fair Employment Practices.</u> The District agrees to ensure compliance with the Nebraska Fair Employment Practice Act which prohibits contractors of the State of Nebraska, and their subcontractors, from discriminating against any employee or applicant for employment, with respect to hire, tenure, terms, conditions or privileges of employment because of race, color, religion, sex, disability, or national origin. (Neb. Rev. Stat. Sections 48-1101 through 48-1125).
- 12) Conflict of Interest. The District warrants that its board members, officers, associates and employees presently have no known financial interest and shall not acquire any known financial interest, direct or indirect, which would conflict in any manner or degree with the performance of the services required by this Agreement. The District shall comply with the provisions of the laws of the State of Nebraska which require disclosure for conflict of interest determinations. The existence of any conflict of interest shall render this Agreement voidable by the Department.

Ms. Ann Bleed, Interim Director Nebraska Dept. of Natural Resources 301 Centennial Mall South PO Box 94676 Lincoln, NE 68509-4676 DEPARTMENT OF NATURAL RESOURCES

Dear Ms. Bleed:

The Frenchman Valley Irrigation District has signed and submitted to your department the Memorandum of Agreement for Drought Assistance for Increased Reservoir Storage.

The District is fulfilling the duties and obligations set forth in said Memorandum of Agreement for the 2005 irrigation season and, therefore, requests payment of the funds as per the agreement.

Respectfully,

Don Felker, Manager Frenchman Valley

Don 7uh

Irrigation District

Memorandum of Agreement
between the
Frenchman Valley Irrigation District
and the
Nebraska Department of Natural Resources
for
Drought Assistance for Increased Reservoir Storage

WHEREAS, drought induced low reservoir levels in Enders Reservoir threaten a variety of uses, including irrigation, fish, wildlife, and recreation; and

WHEREAS, leaving additional storage water in that reservoir during the 2005 irrigation season would help sustain in-reservoir uses as well as provide additional water for the next irrigation season; and

WHEREAS, the Bureau of Reclamation (Reclamation) has approved the State of Nebraska for drought assistance in 2005 by authority of the Reclamation States Emergency Drought Relief Act of 1991;

WHEREAS, Reclamation has approved drought funding assistance to the Nebraska Department of Natural Resources through Cooperative Agreement No. 03FC601826 ("Cooperative Agreement")(a copy of which is attached hereto as Exhibit A) for a project that will result in additional storage water in drought affected reservoirs in the Republican Basin;

NOW THEREFORE, the parties agree as follows:

- 1) The District agrees to:
  - a) not call for 2005 irrigation season storage releases from Enders Reservoir when the lake drops below elevation 3087.90 (12,808 acre feet)
- 2) The Department of Natural Resources agrees to:
  - a) provide financial assistance, which financial assistance shall consist solely of monies received by the Department as 2005 Reclamation Drought Assistance funding ("Federal Funding"), to the District for leaving irrigation supplies in the reservoirs in the amounts specified in Section 1) of this Agreement as follows:
    - For Frenchman Valley Irrigation District Operations from Enders Reservoir: that payment for the 2005 irrigation season (leaving the

required amount of storage in the reservoir during the 2005 irrigation season through September 30, 2005) will be \$13,700.

- b) provide payment of the Federal Funding within 60 days of the signature of this Agreement, provided that such Federal Funding has been received by the Department from Reclamation within such time period.
- In the event that inflows exceed estimates, both parties agree that releases of storage water may be made for the benefit of the District, provided, the lake levels remain at or above the levels noted above. Should evaporation or other factors not caused by the District later lower the lake levels noted above, the eligibility of the District for compensation shall not be affected.
- 4) In the event that inflows do not meet estimates and the lake levels do not reach the levels noted above, the level of assistance provided to the District will not be reduced.
- 5) The District and the Department agree as follows:
  - a) to the extent the Department does not receive the Federal Funding, or such funding is disallowed, the Department shall not be obligated to provide the financial assistance referenced in Section 2)a) of this Agreement. The Department's obligation under this agreement is contingent upon the receipt of the Federal Funding from Reclamation from which payment for agreement purposes can be made. No legal liability on the part of the Department for any payment may arise until the Federal Funds are made available to the Department. In the event the Federal Funding is disallowed after the financial assistance referred to in Section 2)a) has been provided to the District, the District agrees to return such funds to the Department.
  - b) the District, on receipt of the financial assistance contemplated by this Agreement, shall be a subrecipient pursuant to the Cooperative Agreement, and agrees to be bound by all of the provisions of the Cooperative Agreement applicable to subrecipients.
- The District shall indemnify and hold the Department harmless from any and all losses, damages, or liability on account of personal injury, death, or property damage, or claims for personal injury, death, or property damage of any nature whatsoever and by whomsoever made, arising out of activities of the District, its employees or agents under this Agreement.
- 7) This agreement may be modified at any time by mutual agreement of the parties.

- 8) <u>Prevailing Law.</u> This Agreement is governed by the laws of the State of Nebraska including the State Contract Claims Act. (Neb. Rev. Stat. Sections 81-8,302 through 81-8,306.
- 9) <u>Drug Free Work Place Policy.</u> The District certifies that it maintains a drug free work place environment to ensure workers safety and workplace integrity. The District agrees to provide a copy of its drug-free workplace policy at any time upon request by the Department.
- 10) <u>Technology Access.</u> The District agrees to ensure compliance with Nebraska Technology Access Standards. See website at: http://www.nitc.state.ne.us/standards/accessibility/
- 11) Fair Employment Practices. The District agrees to ensure compliance with the Nebraska Fair Employment Practice Act which prohibits contractors of the State of Nebraska, and their subcontractors, from discriminating against any employee or applicant for employment, with respect to hire, tenure, terms, conditions or privileges of employment because of race, color, religion, sex, disability, or national origin. (Neb. Rev. Stat. Sections 48-1101 through 48-1125).
- Conflict of Interest. The District warrants that its board members, officers, associates and employees presently have no known financial interest and shall not acquire any known financial interest, direct or indirect, which would conflict in any manner or degree with the performance of the services required by this Agreement. The District shall comply with the provisions of the laws of the State of Nebraska which require disclosure for conflict of interest determinations. The existence of any conflict of interest shall render this Agreement voidable by the Department.
