REMARKS:			

Thank you for your June 23, 2006, letter in which you requested temporary drought assistance pursuant to Title I of the Reclamation States Emergency Drought Relief Act of 1991, as amended. I have consulted with my staff, and we concur with your drought declaration.

The Drought Relief Act provides an excellent opportunity for the Bureau of Reclamation to assist Nebraska during these times of severe drought in parts of the West. Reclamation considers specific requests on a case-by-case basis to determine their merit. Ms. Alice Johns, Area Manager for the Nebraska-Kansas Area Office in Grand Island, Nebraska, will work with you to select appropriate projects for funding consideration. She can be reached at 308-389-5301. You may also contact Mr. Rick DeVore, Regional Drought Coordinator, in our Great Plains Regional Office in Billings, Montana, for information concerning these drought funds. Mr. DeVore can be reached at 406-247-7757.

We look forward to receiving your proposals and helping the state of Nebraska during this time of drought.

Sincerely,

WILLIAM E. RINNE

William E. Rinne
Acting Commissioner
