

Top Priority is Repurchase -  
Water meters Far Creek or Horn  
Upper Niobrara White meters  
NWhite & Get Upward D

Got together informally First

Eiders - Figure out study leader - <sup>Pretty</sup> Big Deal  
Converting to intentional recharge  
F&W & Recreation at Eiders - Tech &  
Legal & Cost of EVO - Comprehensive Planning  
Effort Congress could use to reauthorize  
Point persons to work with Bureau

Set up Logistics

Team Total US GPC of Bureau

High Priority  
Get Going

— Think through where  
we want to end up & who needs

More sophisticated in Lower Platte

McCaughey to Overton but don't look to Colby yet  
until later.

Daniel Fontaine - CSU Practical guy on decision support  
& modeling

Dew Hanson -

Some money will come to Nebraska but in different form

Payment Limits

Conservation Programs - Conservation Security Program

Individual Risk mgmt

Oncomy dilemma - Fruit & Vegetable Limitations, Pesticide Limitations,  
Importing from Belgium for our Plant

Energy Bill More Important to - Ag than Ag Bill

Schmidt uses Minnesota - Hydrogen Reactor 3ft x 3ft can run on  
hydrogen or fuel cell. Converts pure grain alcohol into hydrogen  
in car Hydrogen runs fuel cell -

Integrated Agricultural Operations - Dairy/ETanol  
makes completely closed system because waste <sup>is used</sup> ~~is used~~  
for plant

Wants more Public Info

Dick - Wants Statewide Summit on CTE and  
Vocational Education
