Steve:

Just checking - any news from your lawyers? I need to print the final contract by tomorrow so it's ready for our grantee seminar on Monday - we are tied up with a Board meeting all day Friday so I would really like to finish the packets. Let me know as soon as you can!

Thanks.

Lisa Beethe

Subject: Sponsor Title on Water Policy Task Force Grant

Lisa -

I promised to get back to you this afternoon on the sponsor title for our Water Policy Task Force Grant. Unfortunately, all of our lawyers are out this afternoon, so I probably need to beg off until Monday. As I noted, legislation directed that the applicant for the Trust grant be the Executive Committee of the Water Policy Task Force. The same legislation designates the Department of Natural Resources to administer the Water Policy Task Force Cash Fund - so in practice, we do the coordination of this sort of thing. As soon as I get our lawyer's thoughts I'll let you know.

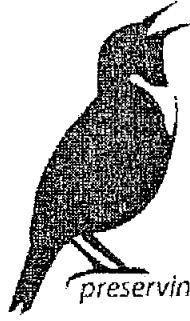

Steve

Subject: Statement of Costs and Request for Reimbursement for Section  
106 Grant on National Hydrography Dataset

We are seeking reimbursement for costs incurred pursuant to our agreement on a Section 106 grant for the National Hydrography Dataset project. The request is for \$7,586.70 to reimburse a bill we have received for student digitizing personnel working on the project. The bill is attached. Please note that we are asking for only the \$7,586.70 noted on the bill since the other \$8403.45 noted on the bill has already been reimbursed. Thank you for your assistance.

Lincoln, NE 68509-4676

Mr. Gaul:

The Nebraska Environmental Trust recognizes the importance of the public awareness of our program and the contribution of our grantees, as partners in the preservation of this great state. Therefore we are currently working on a project to further expand our website to provide information and resources from current and past grant projects and their sponsors.

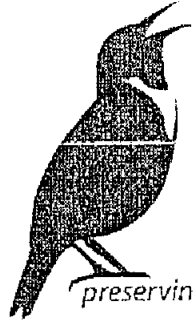

I've attached a project resource form for your completion in reference to the LB 1003 Water Policy Study/Project. Please complete the form and return it to our office in the enclosed postage paid envelope along with any other materials per the request form. The information and resources given about the project and your organization will be posted on our website for the public to obtain.

Public awareness is essential in getting the support and results our program needs to help your organization and Nebraska's environmental future prosper. For questions or concerns please contact Beki Maahs at (402) 471-5409. Your time and support in this project is greatly appreciated.

Sincerely,

Beki Maahs  
Administrative Secretary
