Something we handed out at the last meeting that may come up is the understandings regarding reassignments and map transfers. My memory is they wanted to think about it. I have not had any conversations with anyone since then.

Dave:

Attached is the "Fixes" memo that was prepared for the WPTF Subcommittee. I need you to add "clean" Sections 46-691.03 and 61-205 to this, so I can get some further fixes prepared for the next meeting.

Once you have added those Sections, please return the document to me via email.

Thanks.
Ann

RECOMMENDED AGENDA ITEMS FOR JULY 2005 MEETING
SURFACE WATER SUBCOMMITTEE
WATER POLICY TASK FORCE

HIGH PRIORITY

1. Proposed rules and current forms for non-expedited transfers. Maybe we don't discuss, but just hand them out and say they are still in process and we appreciate any comments.
2. Proposed rules for relocations. Think this is something we really should discuss soon. *(point of diversion)*
3. Whether we want to change law to allow the Department to process transfers that were filed in the Department prior to July 16, 2004, under the old provisions.
4. Revisit Department's proposed amendments to §§ 46-290 and 46-294, as discussed at the last Subcommittee meeting.
5. Discuss the Department's proposed amendments not discussed at the last Subcommittee meeting, as indicated in the Attachment to an email to Subcommittee members dated June 16th.
6. Consider amendment to § 61-205 to provide for authority to inspect flow meters without consent.
7. Consider amendment to § 46-637 to delete a requirement of including Social Security numbers on applications.
8. Consider amendment of § 46-691.03 to add a reference to § 46-739(1)(k) at the end of subsection (1). *- or as may be req'd per 46-252*
