A Meeting of the Funding Subcommittee for the Water Policy Task Force has been set for 10 a.m. Wednesday August 6 at the Central Platte NRD offices in Grand Island. We will use Jay Rempe's handout from the last inequities meeting and concentrate on addressing the funding for compensation issue. We may also revisit earlier work on the funding for research/data collection issue. If you cannot attend, but would like to participate by phone, please e-mail me or call me at (402) 471-3955 before the 6th and I will see if we can set up a call-in number.

Steve
