Subject: Proposed RRCA Accounting Change
Attachments: RRCA_Acct_Proc 2007-06.jrw.doc; Calculations of Mound Credit.2007-06.pdf

The state of Nebraska is proposing a change to the Accounting procedures for the Republican River Compact Administration. Attached are two documents describing the proposed accounting change. Please review these documents so that we may discuss them within the Engineering Committee.

One document is a markup of Appendix C to the Final Settlement Stipulations; the proposed changes are on page 13. I left 'track changes' on within Word, so that you may see the additions and deletions

The second document is a more detailed description of the reasons for the proposed change.

Let me know if you have any questions or comments.

Ken and Jim,

I would like to have a call to get started on our engineering committee work for this year as soon as we can.

I think this initial call should only be an hour or so to review our assignments, review the status of the data exchange, make tentative assignments, and set another meeting that likely will be longer in length.

Could we schedule something the later half of next week, say June 14 or 15? If not, how about the morning of June 18 or 19?

Please let me know.

Thanks.
