Platte River Recovery Program  
wants to establish baseline topo so they  
can compare a decade down the road

Gothenburg - Chapman stretch  
possibly North Platte to Columbus

They want to tie in to other projects to leverage

\$250,000

Platte River Recovery funding  
preference will be vegetation off,  
no snow, no crop in the ground

Ryan Reker arrived

Becky has talked to Merrick &  
Watershed Sciences

300  
500  
600

Jim Langtry has requested \$500K - USGS  
They have \$500K from NRCS  
They don't have match yet  
So asking ~ \$100.  
from Nebraska Environmental Conservation  
Trust Grant  
"sig"

500

They have until March/April to  
get in on it

2.1500

City of Lincoln & Lancaster Co  
are talking about redoing Lancaster  
Co.

If NRDS come up with some \$  
we'll probably have to fly the whole NRI

Frank described the LIDAR advisory council  
(a part of the GIS steering committee)

Grant Island }  
Hastings } any \$ ?  
Hearney }

What about Douglas/Saary etc?

---

Talk to Jim Langtry about what the  
USGS needs for contracting

Ryan could use a letter of intent from  
NDNR

★ Provide Ryan with Ron Theris' contact  
information in case we need a  
Memorandum of Agreement.
