

09:30 Introductions Paul K, Brian D, Jim S, James W
 Meg, Ken
 Scott^{For}, Dave[?], Mark^{Billinger}
 Bill Peck - Bureau

NE GW info - maybe today or tomorrow

Discussion of

Mark - you are required to submit an inventory
 - if you are going to change the list,
 you need to explain why it has changed

2006 inventory has 300 fewer structures

Brian Dunningan - We'll go through ~~our~~ your letter and provide an ~~result~~
 answer on each item

Mark & Dave Discussion of how they do it in KS

Dave Do you have flags by year?

Paul Yes

Mark Outside of the inventory, what about the method of
 calculating?

Jim W Area used from digitizing (times) nearest evap station

Mark Would be interesting to look @ Conservation Committee
 & compare w/ NAIP

Mark

The list sent with zero pumping (or none reported) where the land appears to have been irrigated

(discussion) Paul said that if they don't report, then it has a null value by default

We'll provide the 2 versions

Morgan & Dave will send the input sheets today

check w/ Mike & Shuhai etc. on spreadsheet
