

Decrease in Baseflow (Increase in Impact) if CNPPID Canals are Lined Starting in 2005

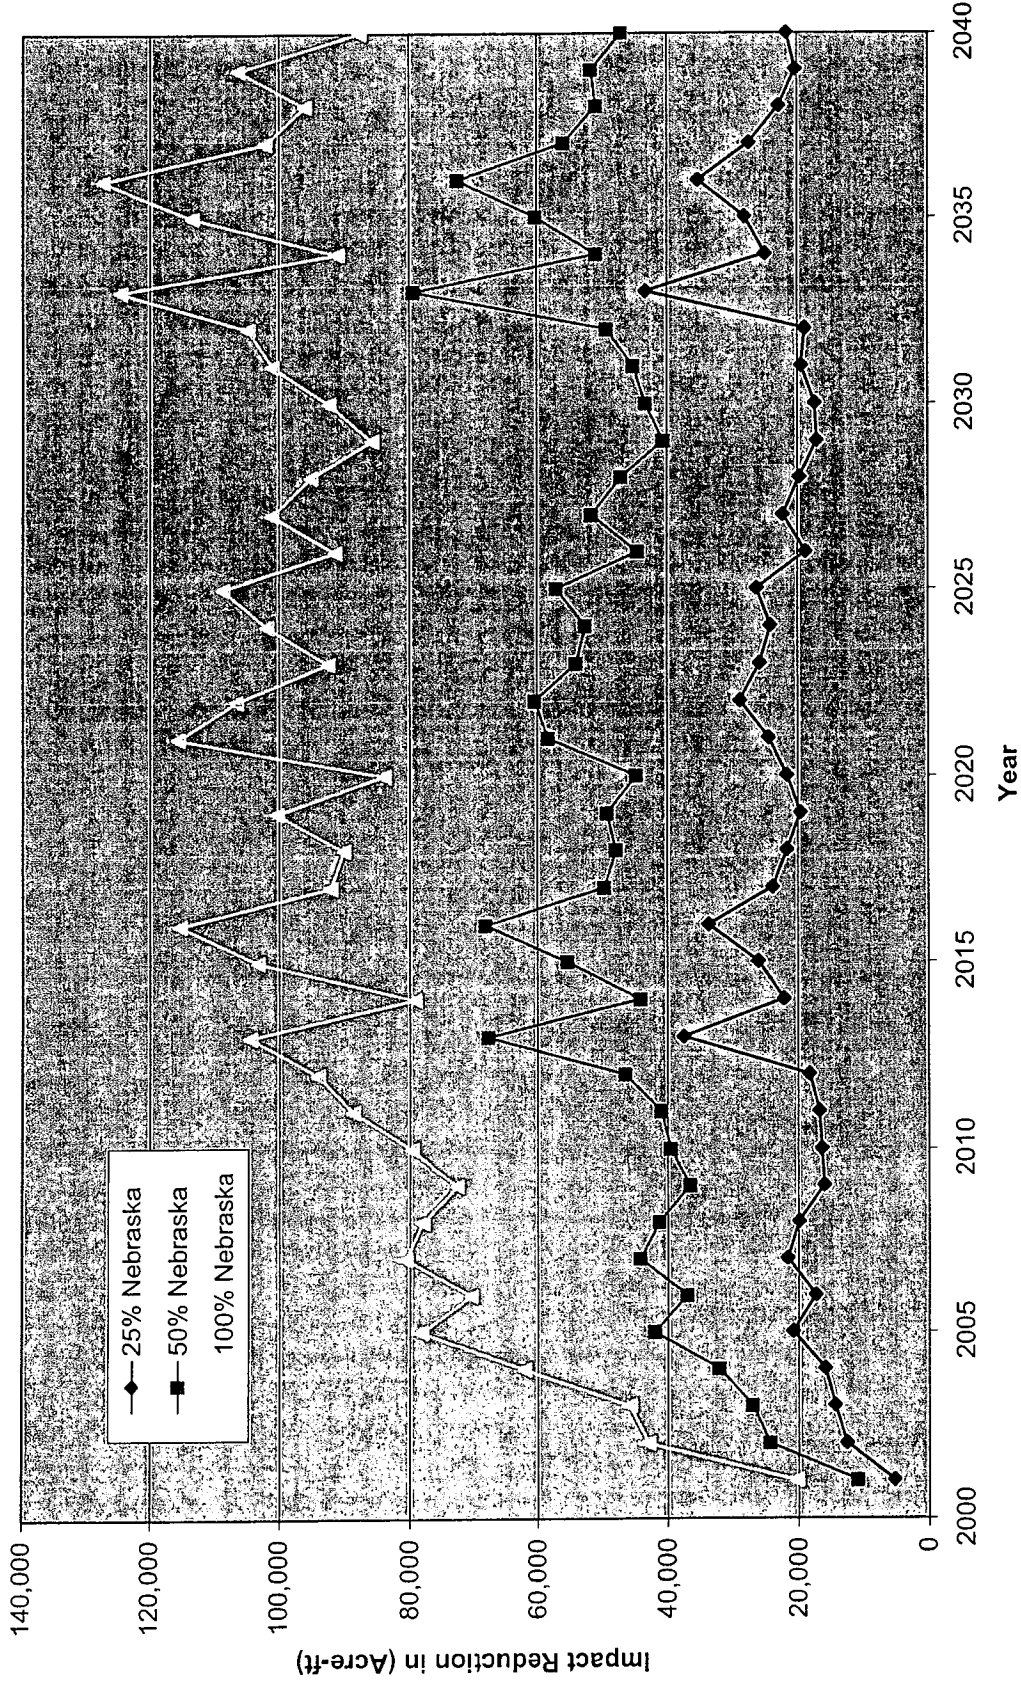

Presentation in Impacts

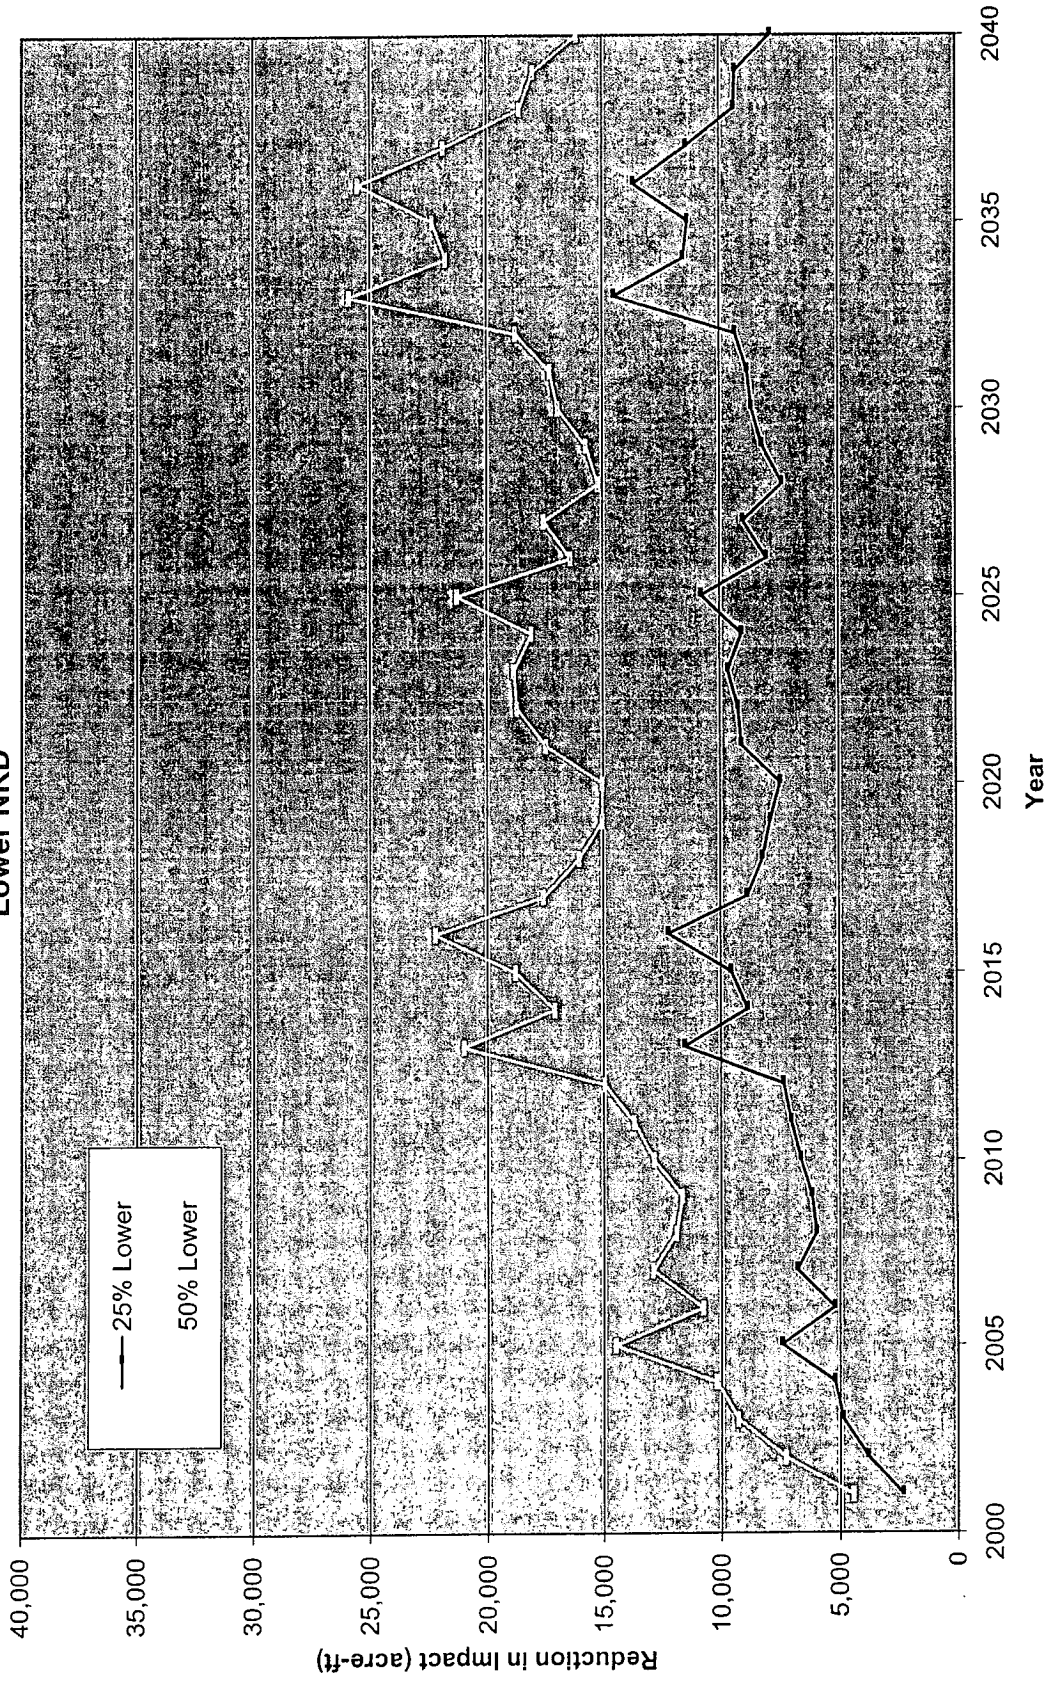

Comparison of Impact for Combined Reductions Nebraska Pumping and Reductions of Pumping in Cells within 1 Mile of Stream Cells

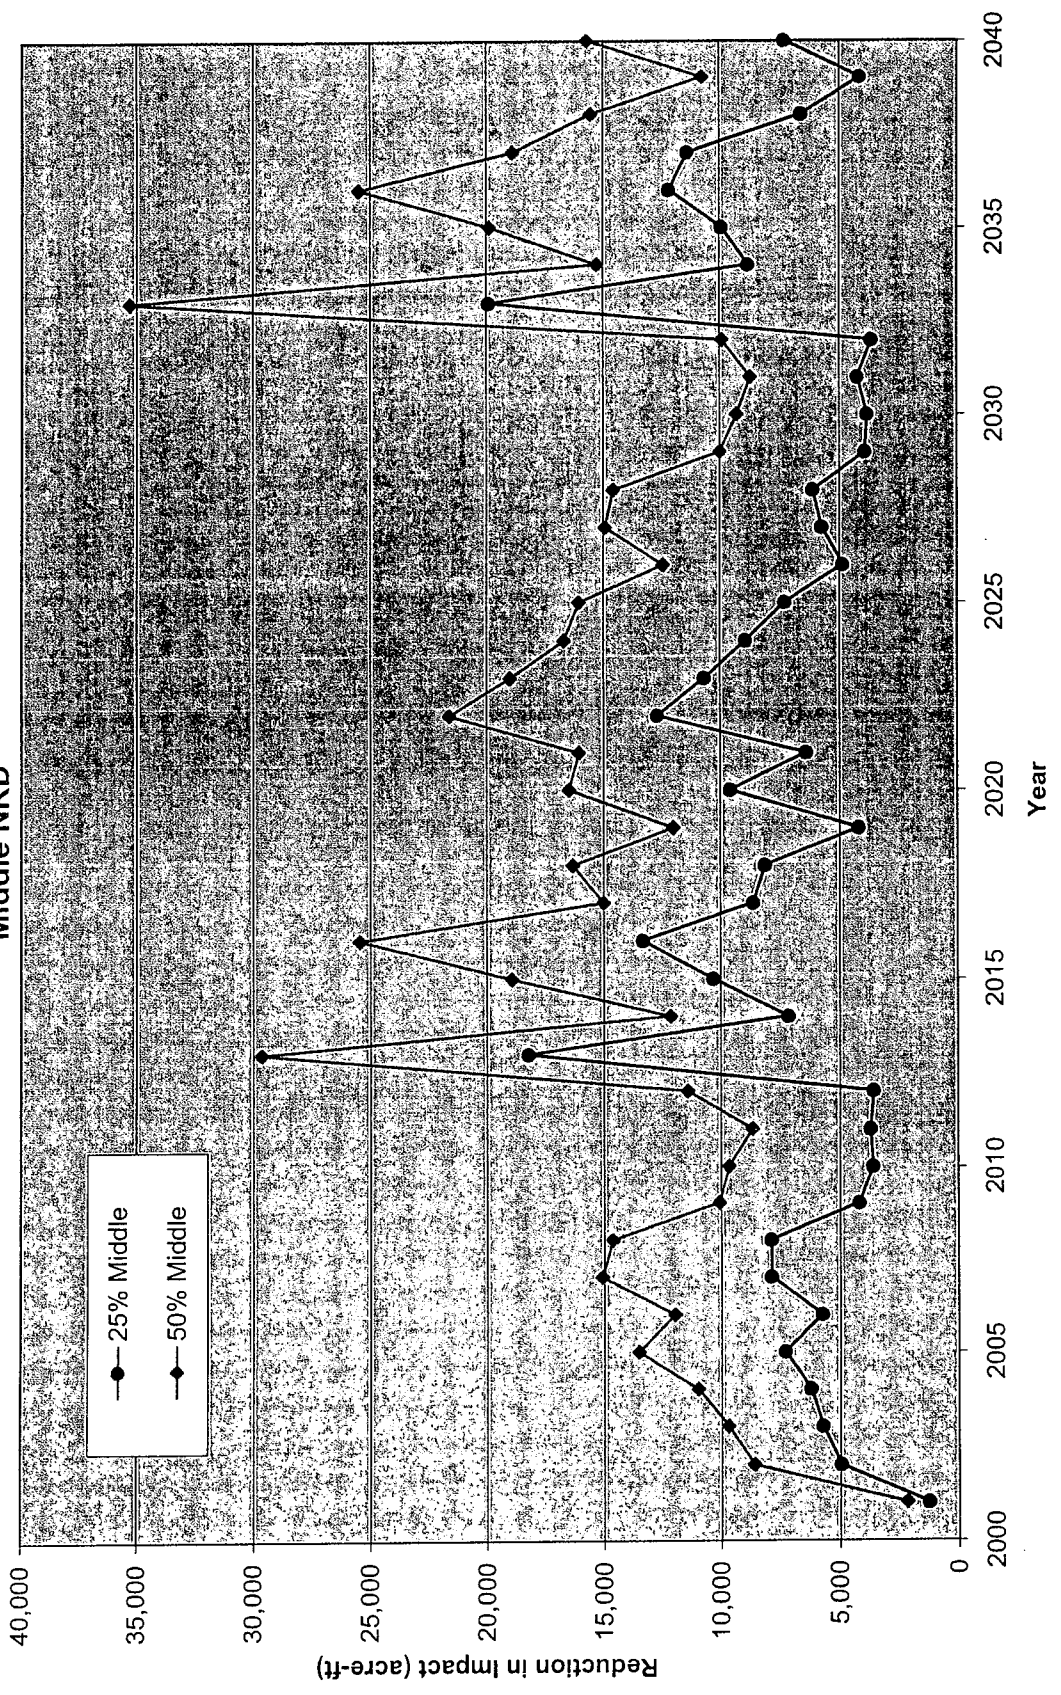

Impact Reduction for a Reduction in Pumping in Cells within 1-mile of Stream Cells

Impact Reduction for a Reduction in Pumping in Cells within 1-mile of Stream Cells by the Lower NRD

Impact Reduction for a Reduction in Pumping in Cells within 1-mile of Stream Cells by the Middle NRD

Impact Reduction for a Reduction in Pumping in Cells within 1-mile of Stream Cells by the Upper NRD
