Mike Clements
 expand to an
 additional mile

Other Issues

evidence of base flow
 on the stream
 - field investigation

① OK
1 mile
2 mile

- Add an additional mile.
 Will be addressed through ranking.
- Change all to incentive to incentives

Ranking - Needs to be quick and simple.

~~Bad - Subbasin ranking priority (in each NRD).~~

② Jasper - Capacity of well / acre irrigated (Adjusted Q/acre)
 - % of field covered

gpm/acre
 Well registration
 pumping curve

③ - retire well completely
 decommissioning

day ~~to~~ NRD is notified of funds

2 weeks for announcement

2 week sign-up

* NRDs will cut a check to DNR - DNR will write one check
 Need an agreement.

check w/
 Rex.

There will be an additional meeting.

- ① Weighting well contours 3
2
1
Outside 0
- ② high priority sub basins ~~2~~ 0

Column C greater than ~~48%~~ 48%

- ③ ~~6 gpm 3~~
~~4.5-6 2~~ 6.5
~~3-4.5 1~~
~~< 3 0~~

- ④ well being returned 1 permanently from irrigation

The breaker

actual gpm/acre

Adjusted Q from DNR
NRD Certified Acres
