

STATE BOARD OF AGRICULTURE

W. W. Duitsman, Secretary

DIVISION OF WATER RESOURCES

Guy E. Gibson, Chief Engineer

APPROVAL OF APPLICATION and PERMIT TO PROCEED

(This Is Not a Certificate of Appropriation)

This is to certify that I have examined Application No. 32.858

Phillip E. Wendling Route 2 Halstead, Kansas 67056

for a permit to appropriate water to beneficial use, together with the maps, plans and other submitted data, and that the application is hereby approved and the applicant is hereby authorized, subject to vested rights and prior appropriations, to proceed with the construction of the proposed diversion works and to proceed with all steps necessary for the application of the water to the approved and proposed beneficial use and otherwise perfect the proposed appropriation subject to the following terms, conditions and limitations:

- March 23, 1979. 1. That the priority date assigned to such application is
- 2. That the water sought to be appropriated shall be used for irrigation use on land described in the application, as follows:

Sec.	Twp.	Range		NE:				NW 1				SW.				SE‡			
			NE:	NW:	swi	SE:	NE	Ī	1	T		NW1	swi	SE	NE‡	NW	SW1	SE	Total
1	245	3 W							40	40	40	40	40	40					240
		,																	
	·								4.	, ,									

- 3. That the source from which the appropriation is made shall be from groundwater in the drainage basin of the Little Arkansas River to be withdrawn by means of two (2) wells: one near the center of the North side of the Southwest Quarter (SWa) and one near the center of the East side of the Southwest Quarter (SWa) of Section 1, Township 24 South, Range 3 West, in Harvey County, Kansas, located substantially as shown on the aerial photodraph accompanying the application.
 - 4. That the appropriation sought shall be limited to a maximum diversion rate not in excess of

2300 gallons per minute (5.12 c.f.s) VED

and to a quantity of not to exceed

17. 1

360 acre-feet

for any calendar year.

JUN 02 1980

DIVISION OF WATER RESOURCES

- 5. That installation of works for diversion of water shall be completed on or before December 31, 1981. The applicant shall notify the Chief Engineer of the Division of Water Resources when construction of the works has been completed.
- 6. That the proposed appropriation shall be perfected by the actual application of water to the proposed beneficial use on or before December 31, 1985
- 7. That the applicant shall maintain records from which the quantity of water actually diverted during each calendar year may be readily determined. Such records shall be furnished to the Chief Engineer as soon as practicable after the close of each calendar year.
- 8. That the applicant shall not be deemed to have acquired a water appropriation for a quantity in excess of the amount approved herein nor in excess of the amount found by the Chief Engineer to have been actually used for the approved purpose during one calendar year subsequent to approval of the application and within the time specified or any authorized extension thereof.
- 9. That the use of water herein authorized shall not impair any use under existing water rights nor prejudicially and unreasonably affect the public interest.
- 10. That the right of the appropriator shall relate to a specific quantity of water and such right must allow for a reasonable raising or lowering of the static water level and for the reasonable increase or decrease of the streamflow at the appropriator's point of diversion.

11. That this permit does not constitute authority under K. S. A. 82a-301 to 505 to construct any dam or other obstruction; it does not give any right-of-way, or authorize any injury to, or trespass upon, public or private property; it does not obviate the necessity of obtaining assent from Federal or Local Governmental authorities when necessary.

12. That failure without cause to comply with provisions of the permit and its terms, conditions and limitations will result in the forfeiture of the priority date, revocation of the permit and dismissal of the application.

Dated this 22nd day of May

1980.

Guy E. Gibson, Chief Engineer Division of Water Resources Kansas State Board of Agriculture
